The City Clerk called the Roll, the following members being present:

Mayor Nickle, Ald. Armstrong, T. B. Angrove, J. B. Angrove, Chown, Clow, Cohen, Couper, Craig, Graham, Kent, O'Connor, Patterson, Pense, Phillips, Robertson, Sargent,Smith, Steacy, Stroud, Twigg, White.

Mayor's Inaugural Address.

To the Members of the Council of the Corporation of the City of Kingston:

Gentlemen,—We are assembled to-day under unique circumstances, the Council being composed of aldermen endorsed by the returned soldier, labor, business men, and there are also members who were not endorsed by any special faction, yet have the honor of the confidence of the electors. It is only right and proper and in the best interest of the community that there should be such representation so that there can be a closer understanding of all the conditions and ideas which tend towards the fuller and better development of the community. I am sure that all will serve during the year in the best interest of the city.

To serve as an alderman is a responsibility as well as an honor; having received this honor we must all be prepared to assume the responsibility.

The duties of the members of the Council do not consist merely in attending the meetings of Council and committees, but every member should be ready and willing to take a deep interest in all things civic. Many things will be brought to your attention during the coming year, and I take this opportunity of placing before you for your consideration the following:

The Harbor: For some months a joint committee of Council and the Board of Trade have been working most harmoniously on plans for the improvement of our harbor, which on completion of the new Welland canal should become the eastern terminus of the Great Lakes transportation. An engineer has been engaged, plans prepared, and conferences have been held with the government and railways, and I would urge that as little change as possible be made in the personnel of this joint committee, in order that the work so well begun may be carried to completion. I have no doubt that Council will render the heartiest co-operation.

Freight Shed, Union Station: During the year 1920 the C. P. R. is to construct a new freight shed on Place d'Armes, which will prove of great benefit to Kingston shippers. It might be well therefore to take up with the railways the advisability of constructing a union station on the property at present occupied by the C. P. R. freight sheds, and also consider placing the mutual wharf between Clarence and Brock streets beyond the Martello tower.

Paving: The committee of the Board of Works in order that the greatest advantage may be obtained from paved streets, would do well to submit a plan which would embrace the paving of streets running from one end of the city to the other.

Board of Works: There is no civic department which has caused so much discussion and controversy as the Board of Works. The responsibility for the administration of this department should rest on the City Engineer, who should make all reports and recommendations in connection therewith. The clerical work in the City Engineer's office should be done by a clerk, and not by an engineer or an assistant engineer.

Utilities Commission: The city is again fortunate in having as Commissioners for the coming year men of outstandng business ability. As your representative on the Commission I shall endeavor to keep you advised on all matters pertaining thereto. I hope there may be the closest co-operation between the Commission and Council during the year, and that a way may be found without burdening the ratepayers, that will permit of the extending the public utilities and sewer service in the outlying districts, in order that building may be encouaged. Since the introduction of Hydro power the output has doubled, and as a result of this increased output the electric rates have been reduced so that the citizens will save $10,000 during the year 1920.

Health and Housing: Good housing is essential to good health. The housing conditions in Kingston at the present time are not such as to reflect credit upon the municipality, and as both good health and good housing are necessary for the making of good citizens, we as members of Council must see that the Board of Health is composed of members possessed of courage and initiative, who will see that unfit places are condemned and that the by-laws governing the installation of sanitary conveniences are very materially improved. Women now having the franchise, and representing a very material percentage of the municipal voters, and being deeply concerned with the domestic conditions, it would seem only right and proper that there should be at least one woman on the Board of Health.

Free Collegiate: The resident fees from the Collegiate Institute amount to about $4,000. We are all impressed with the value of education, and we all know the desire and ambition of every parent to give the child the best education possible. I therefore strongly urge that the Collegiate fees be done away with so that every opportunity may be given a pupil to enter the halls of a college or university.

Memorial: Kingston's record during the war is such that she has much to be proud of. Her contribution in men, money and munitions was all that could be desired. Some of her sons will never return, and as time passes those who were more fortunate and have been spared to return, will pass to the great beyond, and it would seem fitting that Kingston, which was so well represented at the frotn, should erect a memorial in their honor. I therefore sugest that the windows in the City Hall be of a memorial type, that brass tablets be erected between the column, and that a record be kept of those who enlisted from Kingston.

Indusrtial Situation.

During the past few years the leading industries of Kingston, the Shipbuilding Company, the Canadian Locomotive Company, the Davis & Sons Ltd., the Moulding Company, and the Dominion Textile Co. and other industries have expanded in a very satisfactory manner.

As to the Future: There are three essentials necessary for sucessful manufacturing—transportation, labor, and power.

In the first respect Kingston is excelltnt situated, having the three great trunk roads as well as water transportation.

In common with the rest of the world, Kingston has had its labor troubles, and for the good of the city employers and employees should endeavor to come together and settle their differences.

Our Utilities Commission has handled the power situation in an excellent manner, and it is hoped that in the next few years power rates will be equalized so that Kingston will enjoy power at a rate as low as any other municipality in eastern Ontario.

With every prospect of Great Britain granting a preferential tariff in favor of the overseas Dominions, United States manufacturers will probably erect factories in Canada to handle the export business, and every effort should be made so that this city should secure a fair share of this business.

There should be active co-operation between the Industries Committee of the City Council and Board of Trade, and means should be devised for geting in touch with all manufacturfing concerns who purpose locating in Canada.

Hopitals and Medical College.

The following resolution was pasesd at a meeting held in the Board of Trade rooms, December 15th, 1919:

"Resolved, that it is the sense of this meeting of the members of the Board of Trade and citizens of Kingston that every effort should be made to retain Queen's Medical College in Kingston for the full medical term, and that the citizens here present pledge themselves to render all possible assistanct to assure this desired end, and urge upon the City Council the necessity of extending such financial assistance as may be necessary to accomplish this purpose; that a joint committee to be composed of the Finance Committee of the City Council and the council of the Board of Trade be charged with the prosecution of this matter, and that a copy of this resolution be forwarded to the special committee of Queen's trustees, now dealing with the question, and also to the City Council."

This is one of the most important matters that will come before you for consideration during the year, and is deserving of careful thought and consideration by members of Council and citizens in general.

Every effort should be put forth to finance within the budget, and I am quite confident that if you will consult with the officials in the different departments that this can be accomplished. As your presiding officer I ask for your hearty cooperation and hope you will abide by the rulings of the chair and debate be governed by the rules of Council.

HUGH C. NICKLE, Mayr.

Industries.

Ald. Steacy presented report No. 9 from the Committee on Industries as follows:

Kinston, Jan. 30th, 1920.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Industries begs leave to report and recommend as follows:

1. That in order to promote the best interests of the city from an industrial standpoint your committee thought it advisable and has joined with a committee from the Board of Trade, with Ald. Steacy as chairman. This committee thus formed has appointed Ald. Steacy and J. M. Campbell as an executive. The expenses incurred by this joint committee will be paid by the City Council and the Board of Trade, and that part to be paid by the City will be recommended by the city's Industries Committee. It is the intention of this committee to obtain the services of a capable man who shall devote his whole time as Industrial Commissioner and secretary of the Board of Trade. It is thought advisable that he should be secretary of the Board of Trade, as this will put him in direct contact with all the prospective industries whch may locate in this district. Ald. Steacy, chairman of the Industries Committee, and Mr. J. M. Campbell, president of the Board of Trade, will give direct assistance to this official, and when a proposition is sufficiently developed will lay the matter before the joint committee, who, if they think favorably of it, will recommend the same to council.

BY-LAWS.

Ald. Kent presented By-law No. 12. This by-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and th ird time, the second being in committee of the whole, Ald. O'Connor in the chair, and was signed and sealed as follows:

BY-LAW NO. 12, 1920.

A by-law for the erection of an Isolation Hospital.

Passed March 1st, 1920.

WHEREAS the Board of Governors of the Kingston General Hospital propose to reconstruct their hospital building and greatly improve and bring up to date the institution, and in carrying out said scheme desire to turn that part of the hospital now used for persons suffering from communicable diseases to other purposes.

AND WHEREAS they desire, as part of said scheme of reconstruction, that this Corporation erect and establish an Isolation Hospital adjacent to and connected with their hospital as reconstructed.

AND WHEREAS this Corporation, in furtherance of and as part of said proposed scheme of reconstruction are agreeable to establish and erect said Isolation Hospital.

THEREFORE BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:

That as part of said scheme of reconstruction which shall involve a joint expenditure of at least $400,000, the Corporation of the City of Kingston undertake the establishment, erection and equipment of an Isolation Hospital for the reception and care of persons suffering from communicable diseases, at a cost of $150,000, said hospital to be erected on land donated by the Board of Governors of Kingston General Hospital.

That for said purpose the Mayor and City Clerk are empowered to procure the necessary plans and estimates and procure the approval of the plans and proposed equipment by the Provincial Board of Health.

This by-law is passed subject to the permission of the Local Board of Health.

(Signed)

W. W. SANDS,
City Clerk.

Fire and Light.

Ald. Chown presented report No. 18 from the Committee on Fire and Light as follows:

Kingston, Feb. 27th, 1920.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Fire and Light begs leave to report and recommend as follows:

1. That a new hardwood floor be laid and other repairs made in the fire hall at No. 2 station.

2. That the department be motorized at an estimated cost of $30,000, and that a by-law be submitted to the electors for their approval to purchase the necessary equipment as follows:

Triple combination, pump, hose, and chemical car.

City service ladder truck.

The following is a report and recommendation of the Chief of the Department:

That the department be completely motorized by the purchase of one triple motor combination pump, chemical and hose car pump, capacity 800 gallons per minute, 125 horse power motor, cost ..... $ 1600
One combination chemical and hose car, 80 h.p. 10500
One city service ladder motor truck, 110 h.p. 10500
One auto for the chief 1500

$40,000

By purchasing the above the following equipment now in the department may be disposed of:

One large ladder truck without equipment; one hose waggon; one chemical and hose waggon; one exercise waggon; one lorry; six horses and possibly the Ronald steam fire engine known as the "Chatham."

This would leave in the department: One ladder truck, fully equipped and provided with sleigh runners; one hose waggon; one exercise waggon; two hose sleighs; two exercise hose sleighs; one Waterous steam fire engine; one chief's buggy and cutter; one horse and all harness equipment

The saving effected by motorization is as follows:—

Maintenance of six horses	$1900
Sundry items chargeable to horses, including veterinary	250
Salary, clothing and laundry service for two men	2400
Coal used for steam boiler in station	100
Coal and kindling for steamer	60
	$4710
Less gasoline and oils for cars	400
Total net saving per year	$4310

That the Board of Works use the horse during the summer months which is sow used by myself. The amount received from the Board of Works would pay for his keep during winter months.

That motor apparatus be purchased from first class firms who make a specialty of fire apparatus, s commercial trucks are not built for the purpose and will not stand.

Re winter service. I am convinced that proper motor fire apparatus from reliable fire apparatus manufacturers will be so efficient that it will not be necessary to use horses in any ordinary winter, and if it were so, I believe it would be possible to secure horses free of cost for being responsible for their good condition and feed, and if this is not possible horses could be purchased in the winter months and sold in the spring at a profit. Other places, I am informed, have no trouble in securing free loan of horses.

Cost of repairs to motor apparatus will not exceed that of horse drawing apparatus.

I therefore strongly recommend the purchase of equipment neecssary for motorization, believing it will mean more efficiency and economy in administering this department. The difference in the costs between the two systems will take care of the debenture issue for twenty years, and on account of responding to calls with a motor apparatus so much quicker a

very large saving will be made in the amount of property destroyed. This has been demonstrated by the Reo truck which we have at present in the department.

Ald. Kent presented report No. 19 (b) from the Committee on Finance and Accounts as follows:

Kingston, March 11th, 1920.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Finance and Accounts begs leave to report and recommend as follows:

1. That on account of so many enquiries being made to the members of this committee it is thought advisable to submit the following information regarding the by-law re Public Library, which will be submitted to the electors on March 25th next:

(1) A petition signed by one hundred electors asking that a free public library be established in Kingston under the Pub lic Libraries Act was presented to Council, and under Section 4 of said Act Council is submitting the Bylaw to the electors.

(2) If the by-law receives the assent of the electors it will be given its third and final reading by the Council, when a Board of Management will be appointed. The name will be "The Kingston Public Library Board," and will consist of the following: (a) The Mayor, (b) Three members appointed by Council, (c) Three members appointed by the Board of Education, and (d) Two members appointed by the Separate School Board.

(3) Where the Board requires Council to raise money for acquiring a site or purchasing buildings, together with the amount required for maintaining and managing, which would amount to more than one-half mill on the dollar, Council may refuse by two-thirds vote, and if so the question shall be submitted to the electors as a money by-law in the manner provided by the Municipal Act, and if the assent of the electors is obtained Council shall raise the money asked for.

(4) Duties of the Board: (a) The Board shall procure, erect, or rent the necessary building, purchase books, newspapers, magazine, etc., make the necessary repairs, provide fuel, lighting and other accommodations, appoint and dismiss officers and servants of the Board.

(b) Submit estimates for the ensuing year before the 15th of February in each year for the amount of money required: 1st, to pay interest on the money borrowed; 2nd, amount to pay for sinking fund or instalment of principal and interest; 3rd, the amount to pay expenses of maintaining and managing.

(c) If the above amounts to more than one-half mill on the dollar Council may place an amount in the budget for this purpose up to one mill by a majority vote. The amount so levied shall be called "The Public Library Rate"

(5) All persons whose names appear on the voters' list will be entitled to one vote.

(6) The ballot will be submitted as follows:

Kingston, March 25th, 1920.

Voting on by-law to establish a public library under the Public Libraries Act submitted to the Council of the City of Kingston, March 1st, 1920.

FOR THE BY-LAW

AGAINST THE BY-LAW

(7) A majority of the votes cast will carry the by-law.

Industries.

Ald. Steacy presented report No. 23 from the Committee on Industries as follows:

Kingston, March 12th, 1920.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Industries begs leave to report and recommend as follows:

1. That the policy of this Committee in offering free sites and exemption from taxes for a period of years to worthy concerns looking for industrial locations is hereby approved.

2. That on the communication of the G. W. V. A. re the housing question, that this Committee is aware of the condition and has the matter under consideration.

Re city ownership and erection of suitable houses for workingmen.

(a) The Corporation would have to obtain special legislation in order to proceed as a municipality with this work.

(b) The Committee had a consultation with a city architect who supplied the following information:

For a semi-detached frame four-room cottage, without cellar, consisting of kitchen 10 x 12, dining room 12 x 14, two bedrooms 10 x 12, hall 5 x 12, pantry 3 x 6, two clothes closets 18″ x 5′, toilet room 6 x 7, the cost would be $2,675, plus $125 for lot, making a total of $2,800.

In order to pay interest, depreciation and all charges on this investment, the corporation would have to charge $25 per month, and if the debentures were issued for twenty years and the cost of building dropped one-third after the first five years (which is the estimate of the architect), the city would stand to lose over $930 per house. If we built $30,000 worth of houses the depreciation in value to the city would be $10,000. The committee do not think that the working man would pay $25 for this class of house, but if they did for the first five years. and if the depreciation was one-third, as estimated above, the rental would be reduced and make a further loss for the following fifteen years, the annual cost of the debenture issue remaining the same during the whole twenty years.

(c) The Committee has an open mind on this question, still having it under consideration, and would welcome any information or advice from any source.

Re Ontario Housing Act.

Last year the City Council appointed a Special Committee, who recommended the adoption of the Ontario Housing Act, and after a lengthy debate the report was defeated. The Ontario Government has this matter under consideration at the present time, and the Industries Committee are in communication with it, and will consider recommending its adoption when they are in receipt of the new Act or amendments, if any.

Industries.

Ald. Steacy presented report No. 26 from the Committee on Industries as follows:

Kingston, March 17th, 1920.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Industries begs leave to report and recommend as follows:

1. That a double page advertisement be taken in Heaton's Annual, and also in Canada In the Building at $200 each.

2. That this Corporation enter into the following agreement with Heaton's Agency, and that the Mayor and City Clerk be authorized to sign the same on behalf of the Corporation:

MEMORANDUM OF AGREEMENT made in duplicate this day of A. D. 1920.-

BETWEEN:

The Municipal Corporation of the City of Kingston, (hereinafter called the Corporation), of the First Part,

AND

Heatons' Agency, of the City of Toronto, of the Second Part.

The said Corporation agrees with the Agency that if any industry employing labor is established within the Municipality

of the City of Kingston by any individual, firm or company through the introduction of the Agency, the Corporation wil pay to Heaton's Agency a fee equal to three per cent. of the to tal pay roll of the employees of such industry during the firs twelve months of its operation within the Municipality, but no to exceed the sum of twelve hundred dollars, (subject to th discount hereinafter provided), which fee shall not include th salaries of the Executive Officers, and shall in no case be les than two hundred and fifty dollars, but such minimum fee shal in no case exceed ten per cent. of the said pay roll. This con tract shall hold good for one year, and thereafter until can celled.

The said fee shall be payable as follows: One hundred dol lars forthwith as soon as such individual, firm or company shal have commenced the construction of a factory building, or shal have acquired a building by lease or purchase, for the purpose of doing business; and one hundred and fifty dollars within thirty days after such individual, firm or company shall have commenced to do business, and the balance within thirty days after the expiry of the first twelve months of manufacturing when the exact amount that has been paid in wages shall be ascertained.

It is understood and agreed that Heaton's Agency will al low a discount of twenty per cent. upon any fee earned by the Agency under this contract, provided payment of the whole fee earned in any one transaction is made within thirty days after such individual, firm or company shall have commenced the construction of a factory building, or shall have acquired a building for lease or purchase, for the purpose of doing busi ness.

It is further understood that the fee payable under this clause shall in no case be paid upon the establishment of any industry with which the Corporation is in active negotiations, and which has been first brought to the notice of the Corpora tion through an enquiry received by the Corporation as a result of any advertisements in "Heaton's Annual," the "Provincial Booklet" Series, or any publication issued by the Agency, or in any way except through the direct introduction of the Agency, provided, however, that to obtain the benefit of this clause and to relieve the Corporation from liability for the payment of a commission under the terms of this agreement, notice of the claim of the Corporation to be relieved from such liability shall be forwarded to the Agency by mail in a registered letter with-

in 10 days after the receipt by the Corporation of the names of any parties introduced to the Corporation through the Agency, and of the kind of business which such parties propose to establish.

It is further understood and agreed that if any industry upon which a fee has been paid to Heaton's Agency by the Corporation under the terms of this agreement shall permanently cease operations within the municipality within five years after the date upon which such industry commenced to manufacture within the municipality, then Heaton's Agency shall refund to the municipality one-half of the total amount which has been paid to the said Heatons' Agency for the establishment of such industry.

In witness whereof the Corporation has hereto caused to be affixed the official seal of the Corporation and the signature of the Mayor and City Clerk this day of 1920.

Respectfully submitted,

War Memorials.

Ald. Craig presented report No. 27 from the Committee on War Memorials as follows:

Kingston, March 29th, 1920.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on War Memorials begs leave to report and recommend as follows:

1. That this committee be given authority to make application to the Provincial Government to amend the Municipal Act so as to allow this municipality to issue debentures to pay for the war memorials, and that this committee be empowered

to transact the arrangements in regard to the memorials to be purchased, subject to the approval of the Committee on Finance and Accounts.

Respectfully submitted,

(Signed)

HUGH C. NICKLE, Mayor
W. H. CRAIG

Moved by Ald. Craig, seconded by Ald. Kent (6) that the report on War Memorials be received and adopted.—Carried.

Ald. Kent presented the Budget for 1920 as follows:

Committee Rooms, City Hall,

Kingston, March 25, 1920.

The Committee on Finance and Accounts, in submitting the estimates for the year 1920, beg leave to report as follows:

The bonded debt of the city to 31st December, 1919, is $1,809,530.90, made up as follows:

Water Works		$ 123,600 00
Light Works		582,423 71
SCHOOLS:—		
Public	$ 121,349 87	
High	63,973 00	
		185,322 87
LOCAL IMPROVEMENTS:		
Corporation's portion	$ 256,923 34	
Owners' portion	229,541 91	
		486,465 25
General purposes		431,719 07
		$1,809,530 90

The above debt will be increased this year by authorized Debenture issues amounting to . . $ 261,243 00

The amount of the Sinking Funds is $294,414.51, and of this amount $279,112.37 is invested in Government and Municipal Debentures, and $15,302.14 is on special deposit in the Bank.

The amount to be levied for the Sinking Funds this year is $53,561.49, the parties specially benefited paying $24,326.85, and the city generally paying $29,234.64.

Your Committee has been obliged to reduce the amounts asked for by the various spending committees in order that the rate this year should not exceed 35½ mills. Of the 7 mills increase in rate, approximately 5½ mills are required for Uncontrollable Expenditures, viz.:—Board of Education, 3½ mills; Overdraft, 1919, 1 mill, and pavements laid last year, about 1 mill. This leaves 1½ mills, and with this and the amount derived from increased assessment, your committee has been able to provide sufficient increases to carry on the work of the various spending committees without impairing their efficiency.

Your Committee recommend that a rate of 23 mills for general purposes, and 12½ mills for educational purposes, making in all 35½ mills on the dollar, be placed on this year's ordinary assessment, and also that a rate of 1 mill on the dollar for the collection and disposal of garbage be imposed on the assessment liable therefor.

Respectfully submitted,

BY-LAWS.

Ald. Kent presented By-law No. 17, 1920. The by-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Phillips in the chair, and was signed and sealed as follows:

BY-LAW NO. 17, 1920.

A by-law to levy a tax of 35½ mills on the dollar upon the assessed value of the rateable property in the city of Kingston for the lawful purpose of the municipality for the year 1920.

Passed March 29th, 1920.

WHEREAS for the year 1920 there are required for the lawful purposes of the municipality of the City of Kingston, as hereinafter specified the following named sums of money, estimated by and to the Council of the said municipality, to be raised by the levy of the several rates hereinafter mentioned, respectively amounting to the rate of 35½ mills on the dollar upon the assessed value of the rateable property in the said municipality, and which in the revised and adopted assesment rolls and the supplementary rolls for the year 1920 amounts to the sum of $14,071,000 current money of Canada, which rate of 35½ mills on the dollar is in respect of the rateable property in the said municipality liable to be assessed for the Roman Catholic Separate School rate, inclusive of the rate hereinafter directed to be levied upon the rateable property liable thereto, and which rate of 35½ mills on the dollar also includes the rate for the sum required for the Public School purposes for said year, to be levied on the property liable thereto as hereinafter provided.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston:

1. That the sum of $23,540.00 required to pay the annual interest and the payment of the principal on the debentures issued under the provisions of "The City of Kingston, Debt Arrangement Act, 1887," shall be raised by the levy of a rate, "The Debt Arrangement Loan Rate," of 1 67/100 mills on the dollar upon the whole assessed value of all the rateable property in said municipality.

2. The sum of $39,225.30 required to pay the annual interest on and the annual payment on account of the loan and bonus debentures and not provided for under Section 1 of this by-law shall be raised by the levy of a rate of 2 79/100 mills on the dollar upon the whole assessed value of all the rateable property in the said municipality.

3. The sum of $40,514 60 required for High School purposes as estimated to the said Council by the Board of Educa-

tion, and to pay the annual interest on and the annual payment on account of High School debentures of the said municipality shall be levied by a rate of 2 88/100 mills on the dollar upon the whole of the assessed value of all the rateable property in the said municipality as aforesaid

4. The sum of $93,470 required for Public School purposes of the said municipality as estimated to the said Council by the Board of Education of the said municipality shall be raised by the levy of a rate of 7 87/100 mills on the dollar upon the assessed value of the rateable property in the said municipality assessable and liable to be raised for a Public School rate, said assessed value being $11,883,419.

5. The sum of $20,764.96 required to pay the annual interest on and the annual payment on account of the Public School debentures of the said municipality, shall be raised by a levy of a rate of 1 75/100 mills on the dollar upon the said assessed value of the rateable property in said municipality assessable and liable to be raised for a Public School rate, said assessed value being $11,883,419.

6. There shall also be levied on the rateable property in the said municipality liable thereto, the assessed value of which amounts to $2,187,603, a rate of 9 62/100 mills on the dollar imposed on the said property by the Board of Trustees of the Roman Catholic Separate School of the said municipality for the purposes of the said Separate Schools for the current year, and the said last-mentioned rate shall be levied and collected by the collector appointed to collect the municipal rates and taxes of the said municipality at the time and as provided by law.

7. The sum of $38,322.82 required to pay the annual interest on and provide the annual sum required for the sinking fund for the debentures of the said municipality issued for the purpose of raising loans for the amount of the cost of the several local improvement works in the said municipality to be borne and paid by the said municipality at large shall be raised by the levy of a rate of 2 72/100 mills on the dollar upon the whole of the said assessed value of all the rateable property in said municipality as aforesaid.

8. The sum of $222,603.56 required for the general purposes and expenditure of the said municipality for the current year shall be raised by the levy of a rate of 15 82/100 mills on

the dollar upon the whole of the assessed value of all the rateable property in the said municipality as aforesaid.

9. The said several rates of 1 67-100, 2 79-100, 2 88-100, 2 72-100, and 15 82-100 mills on the dollar to be levied upon the whole of the assessed value of the rateable property in the said municipality and the said several rates of 7 87-100 and 1 75-100 mills on the dollar to be levied upon the said assessed value of all the property in the said municipality assessable and liable to be rated for a Public School rate, and the said rate of 9 62-100 mills on the dollar to be levied on the assessed value of all the property in said municipality assessable and liable to be rated for the said Roman Catholic Separate School rate (together amounting to 35½ mills on the dollar upon the assessed value of the property upon and in respect of which the said several rates are to be levied respectively) shall be levied and collected at one and the same time as provided by law by the collector appointed to collect the municipal rates and taxes of the said municipality.

10. The City Clerk shall prepare and deliver to the said collector the colelctor's rolls of the said municipality for the said year, and prepare according to law on or before the first day of May, 1920.

This by-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS, City Clerk. HUGH C. NICKLE, Mayor. [L.S.]

Ald. Stroud presented by-law No. 18, 1920. The by-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Sargent in the chair, and was signed and sealed as follows:

BY-LAW NO. 18, 1920.

A by-law to levy a tax of one (1) mill on the dollar upon the assessed value of the land in the municipality of the City of Kingston for the purpose of defraying the cost of the collection, removal and disposal of garbage and other refuse throughout the whole municipality.

Passed March 29th, 1920.

WHEREAS By-law No. 42, 1915, (a "by-law to provide for the collection, removal and disposal of garbage and other refuse was passed by the Council of the Corporation of the City of Kingston, September 15th, 1915").

AND WHEREAS Section 19 of said by-law provides as follows:

"19. The expense of the collection, removal and disposal by the Corporation of said garbage and other refuse throughout the whole municipality shall be borne by the owners and occupants of the land therein, and an annual special rate shall be imposed upon such land according to its assessable value, sufficient to defray the expense of such collection, removal and disposal, and no land within the municipality shall be exempt from the said annual special rate, anything in general or special Act or any By-law to the contrary notwithstanding. The said annual special rate shall be placed upon the Collector's Roll during the year in which the same is to be collected, and shall be collected in like manner and at the same time as all other municipal taxes."

AND WHEREAS it will require an annual special rate of one mill on the dollar on the assessed value of the land within the municipality of the City of Kingston to defray the expenses of the collection ,removal and disposal by the Corporation and other refuse throughout the whole municipality.

AND WHEREAS the assessed value of said land as stated in the revised and adopted assessment roll of the said municipality for the year 1920 amounts to $15,741,750.

BE IT THEREFORE ENACTED by the Council of the corporation of the City of Kingston, as follows:

1. The sum of $15,741.75 required to defray the expense of the collection, removal and disposal by the Corporation of garbage and other refuse throughout the whole municipality of the City of Kingston shall be raised by the levy of a special rate, "The Garbage, etc., rate" of one (1) mill on the dollar upon the whole assessed value of the land within the said municipality, which rate shall be in addition to all other rates for which the said land is, and shall be, liable.

2. The City Clerk shall place upon the Collector's Roll opposite the several names of the persons assessable the amounts assessable against the said land in repect of such special rate.

3. The said amounts shall be payable in each year to the Collector of the municipal taxes of the city of Kingston, who is hereby authorized to collect the said amounts at the same time, in the same manner, and with the like remedies as ordinary taxes upon real estate are collectable and under the provisions of the Assessment Act.

4. That the amounts collected from the said rate shall be expended in defraying the expense of the collection, removal and disposal by the corporation of said garbage and other refuse and not otherwise.

This by-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS, City Clerk. HUGH C. NICKLE, Mayor. [L.S.]

Ald. Angrove presented By-law No. 19, 1920. The by-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Smith in the chair, and was signed and sealed as follows:

BY-LAW NO. 19, 1920.

A by-law to define certain areas within the municipality of the city of Kingston in which the streets shall be watered.

Passed March 29th, 1920.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. All by-laws previously passed by this Council in connection with street watering are hereby repealed and the following is substituted in lieu thereof:

2. The streets in the said city of Kingston within the several areas hereafter defined shall be watered for the purposes of maintaining, repairing and cleaning the said streets by the corporation of the said city of Kingston, to wit, the streets

within the several areas formed by the city lots or properties fronting or abutting upon the streets or parts of streets in the said city and the said streets and parts of streets as follows:

(1) Albert street from the south side of Earl street to the north side of Union street.

(2) Alfred street from the north side of Princess street to the north side of Elm street.

Ald. Kent presented By-law No. 32, 1920. The by-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. O'Connor in the chair, and was signed and sealed as follows:

BY-LAW NO. 32, 1920.

A by-law to raise by way of loan the sum of $142,000 for the purposes herein mentioned.

Passed May 10th, 1920.

WHEREAS, the Board of Education for the city of Kingston has applied to this Council to pass a by-law for borrowing the sum of $142,000 by the issue and sale of debentures of this corporation for the purpose of purchasing a school site and for the erection thereon of a public school building and for the purchase of furniture, furnishings, school apparatus and other equipment therefor.

AND WHEREAS in the opinion of this Council it is expedient to grant the said application and to pass said by-law.

AND WHEREAS the amount of the debt to be created by this by-law is $142,000, and the object for which it is to be created is to pay for said site, school building and equipment.

AND WHEREAS the total amount required to be raised annually during the currency of said debt by special rate on all the rateable property of the municipality liable thereto for paying the said debt and interest as herein provided is set forth in the schedule hereto annexed.

AND WHEREAS the amount of the whole rateable property of the said municipality according to the last revised assessment roll of the said municipality, being for the year 1920, is $14,071,000.

AND WHEREAS the amount of the existing debenture debt of the said municipality, exclusive of the local improvement debts, secued by special acts, rates or assessments, is $1,579,989, and no part of the same or of the interest thereon is in arrear.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. It shall be lawful for the Mayor of the said corporation for the purpose aforesaid, to raise by way of loan upon the credit of the corporation, by the issue of debentures hereinafter mentioned, from any person or persons, body or bodies corporate who may be willing to advance the same, a sum of money

not exceeding in the whole the said sum of $142,000, and to cause the same to be paid into the hands of the Treasurer of the said corporation for the purpose aforesaid.

2. It shall be lawful for the said Mayor for the purpose of said loan, to cause any number of debentures to be made for such sums of money as may be required, not less than one hundred dollars each, which said debentures shall be sealed with the seal of the said municipality and signed by the said Mayor and countersigned by the said Treasurer, and together shall not exceed the sum of $142,000.

3. The said debt shall be payable in annual instalments within thirty years from the first day of January, 1920, at the office of the City Treasurer in said city, and the said debentures shall have attached to them couons for the payment of interest thereon half-yearly as hereinafter provided, which coupons shall be signed by the said Treasurer. The said instalments of principal shall be of such amounts that with the interest in respect of the debt payable as aforesaid the aggregate amount payable for principal and interest in each year shall be as nearly as possible the same, provided that each instalment of principal may be for an even $100, $500, or $1,000, or multiple thereof, and the annual instalments of principal and interest may differ in amount sufficient to admit thereof.

4. The said debentures shall all bear the same date and shall be issued within two years after the passing of this by-law and shall bear interest at the rate of six per cent. per annum from the first day of January, 1920, which interest shall be payable half-yearly on the first day of January and July in each year, at the office of the City Treasurer in the City of Kingston.

5. For the payment of the said debt and the interest to become due thereon, there shall be raised in each year in which an instalment becomes due, the specific sum set out opposite such year in the fourth column of the schedule hereto annexed, by a special rate to be levied on all the property of the ratepayers of the said municipality who are supporters of public schools.

This by-law shall come in force and take effect on its passing.

Ald. Phillips presented By-law No. 33, 1920. The by-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Patterson in the chair, and was signed and sealed as follows:

A By-law to Repeal By-law No. 55, 1916, being a By-law for Licensing and Regulating Milk and Cream Vendors and for Providing for the Inspection of Milk, Cream, Cows, Cow Byres and Dairies.

Passed May 10th, 1920.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. By-law No. 55, 1916, is hereby repealed, and the following substituted in lieu thereof:

2. No person shall sell milk or cream or produce or offer or keep or supply the same for sale in the City of Kingston either directly to the consumer or to shops or stores or in wholesale quantities to any person to be afterward sold or delivered by such person to the consumer, without having first obtained a license to do so under the provisions of this By-law.

3. The said license shall be issued by the Treasurer of the said City of Kingston, the appplicant first to obtain a certificate from the Medical Officer of Health or Milk Inspector that the applicant has, with respect to his cattle, premises and equipment, complied in all respects with the provisions of "The Ontario Milk Act," and of this By-law, and upon payment of the fees hereinafter provided.

4 Before applying for the said license, the applicant shall apply to the Milk Inspector for the inspection of his cattle, premises and equipment, and before receiving such license such applicant shall sign an agreement in duplicate in the form contained in Schedule "A" of this By-law, one copy to be retained by the applicant.

5. The Treasurer shall issue a license in the form contained in Schedule "B" appended to this By-law to each dairyman or milk vendor, applying therefor, who complies with the terms of this By-law.

6. The fee for every license to be issued under this By-law shall be $2.00, which fee shall entitle the licensee to the use of one wagon or vehicle for the sale or delivery of milk or cream, and $1.00 additional shall be paid for each additional wagon or vehicle used for the sale or delivery of milk or cream. All fees shall be paid to the City Treasurer before the license is issued and every license shall continue for one year from the date of issue unless sooner revoked and no license shall be transferable.

7. Every milk vendor who sells or vends milk within the City of Kingston shall have and keep on the premises in which the milk is sold and upon every wagon, sleigh or other vehicle, in which the milk is conveyed, a sign, on which shall be inscribed in plain and legible characters the name of such person and his registered number as shown by the license issued to such person.

8. Every milk or cream vendor, his servant or person employed by him, shall produce and exhibit his license whenever required to do so by the Medical Officer of Health or Milk Inspector of the said City of Kingston, or any inspector or other person duly authorized to demand its production.

9. Any license granted hereunder may be revoked and cancelled at any time by the Milk Inspector of the said City of Kingston upon its being proved to the satisfaction of the said Inspector that the holder thereof has violated or failed to comply with any provision of "The Ontario Milk Act,' or this By-law.

10. (a) The Medical Officer of Health or Milk Inspector shall have power to prohibit the sale of mikl for consumption within the City of Kingston which in his judgment is produced or handled contrary to the provisions of "The Ontario Milk Act" or this By-law.

(b) Such Milk Inspector shall have the right to inspect the premises of every vendor licensed to sell milk within the City of Kingston to see that the requirements of said Act and this By-law and the regulations enacted hereunder are fully complied with, and to take samples of milk for examination and testing.

(c) Such Milk Inspector shall have the right of entrance to the premises, no matter where located, of every person producing milk for sale or consumption within the City of Kingston, of fully inspecting the same, and of taking for examination and having tested samples of milk produced therein and of the water supplied to cows or used in cleansing dairy utensils.

(d) Such Milk Inspector shall have the right to inspect and to take samples of milk for sale or consumption within the City of Kingston while in transit, and shall have the right of entrance to any premises in order to procure samples of such milk.

(e) The result of all said tests shall be open to public inspection at all reasonable times, and shall be published by the Milk Inspector.

11. No person shall sell or offer for sale in the said City of Kingston any milk or cream which is unwholesome or unfit for human food or any milk which has been adulterated or reduced or changed by the addition of water or other substance, or by the removal of cream, or from which strippings have been held back, or which contains less than 3.25 per cent. butter fat and 11.75 per cent. total solids, or the temperature of which is higher than fifty degrees Fahrenheit, nor milk known as swill milk, nor milk from cows or other animals fed upon (a) distillery slop. (b) starch factory by-products, except gluten meal and gluten feed, (c) garbage or other like substance, but skimmed milk may be sold as such if contained in cans bearing upon their exterior the word "skimmed" placed conspicuously in letters not less than two inches in length and served in measures also similarly marked. No person shall supply skimmed milk unless such quality of milk is asked for by the purchaser.

12. (a) All cows producing milk for sale for domestic consumption within the City of Kingston must be kept clean. Manure must not be permitted to collect upon the tail, sides, udder or belly of such cows. The teats and udder of all cows are to be wiped with a damp cloth before milking, so as to remove thoroughly from them all manure and foreign substance which may contaminate the milk. The milkers must wash their hands before milking, anl must exercise reasonable care as to cleanliness of their person and clothing. In case of using a mechanical milker or separator the exhaust pipe from power engine shall be arranged so that the exhaust shall be made on the outside of the building and the engine room shall be partitioned off from the rest of the building. The mechanical milker or separator shall be scrupulously clean.

(b) All cow-byres, stables, premises and places where cows are kept shall be kept clean and dry and thoroughly lighted, ventilated and drained; the walls and ceilings of the said stables shall be free from dust and cobwebs and accumulations of manure, and shall be whitewashed in the months of May and October in each year, and no inhabited room, workhouse, storehouse, privy, cesspool, or urinal, and no fowl or hog shall be located within the same. All yards and premises adjoining such cow-byres, stables and places shall be maintained in a suitable, cleanly and sanitary condition. Manure, dirt and decayed

matter shall not be allowed to accumulate in such yards or premises, and shall not be at any time in the stable, dairy or milk house, or within twenty-five feet of contact with the same, and shall be removed at frequent intervals, and all such stable yards and premises shall be kept well drained, dry and free from pools. The milk house must have tight, sound floor, must be kept clean, well lighted and ventilated, and must not be used for any purpose except the handling of milk.

(c) No milk or cream shall be sold from cows supplied with or having access to bad or impure drinking water. The water used in the barn for washing milk utensils must be free from contamniation.

(d) All wagons, carts or vehicles used for the sale or distribution of milk in the City of Kingston shall, as often as may be necessary, be scrubbed on the inside with washing soda in hot water or other efficient cleanser so as to keep them at all times scrupulously clean. And all drivers of such wagons, carts or vehicles shall use every precaution in the distribution of the milk to their customers to keep it free from dust, dirt, bacteria or other contamniation.

(e) All cans, bottles, measures or other vessels used for milk or cream shall be kept clean and be thoroughly washed before milk or cream is put into them. No cans, bottles, or other utensils used in the distribution of milk shall be used for any other purpose whatsoever, and all such cans, bottles and other utensils must be thoroughly cleansed before again being used.

(f) No person or company shall stable or keep cows or goats within the municipality for private or commercial purposes without first reporting to the Medical Health Officer or Milk Inspector and obtaining a permit. A license fee of twenty-five cents shall be charged for each animal, good from the date of issue until the 1st of April following, unless revoked by the Milk Inspector. All persons or parties who keep or maintain cows or goats upon their premises will abide by the regulations as set forth in this by-law for the proper inspection of their premises.

(g) All milk or cream to be sold in the City of Kingston shall be removed from the stable to a milk house as soon as drawn, and strained through several layers of cheese cloth, and aerated with an aerator approved by the Milk Inspector of the said City of Kingston, scrupulously clean and iced, and in a

clean place free from dust and odors, and the milk must then be covered and kept cold in a refrigerator or ice water vat, at a temperature not higher than 50 degrees Fahrenheit, and such ice water vat must be kept well iced.

(h) All dairies or other places where milk or cream is sold or kept for general use, shall be thoroughly drained and well lighted and ventilated, and at all times kept clean throughout and in a sanitary condition.

(i) In stores or shops every refrigerator or other receptacle where milk or cream is kept or stored for sale or general use, shall be kept at a temperature not higher than 50 degrees F., shall be used for milk or cream only, and be at least twenty-five feet distant from any privy, water or other closet, stable, hog-pen, or outhouse, and shall not be exposed to the air of any living or sleeping room or of any business or other surroundings that may tend to make milk or cream foul or impure

(j) Milk or cream must not be transferred from cans to bottles on the street, but milk may be transferred from one can to another can or vessel under cover, or one can may be exchanged for another.

(k) Milk or cream may be delivered in this municipality in bulk, but those delivering milk or cream in bottles must have approved appliances for washing bottles..

(l) The Medical Officer of Health or Milk Inspector shall have authority to make or cause to be made, from time to time, such bacteriological tests of milk produced for sale or offered for sale of consumption within the City of Kingston as he may deem necessary, and may publish such tests if he so desires.

(m) No milk or cream shall be sold from cows which may be unhealthy, silk or receiving medicine, or with inflamed or in any way abnormal udders or while in heat, unless kept from the rest of the herd during that period, nor from cows within thirty days before or six days after calving, nor from any cows which, upon physical examination by a duly qualified veterinary surgeon, shall be declared to be suffering from tuberculosis of the udder or milk glands, or whose milk, upon bacteriological or microscopic analysis, is shown to contain tubercle bacilli or which is known to be suffering from splenic fever or anthrax, or any other general or local disease which is liable to render milk from such cow a menace to the public health. When any doubt arises as to any cow being affected with any

of the diseases above mentioned, it shall be the duty of the Inspector to notify the owner that the milk of such cows must not be sold or offered for sale until a permit to do so has been granted by the Milk Inspector, and upon such notice being given no milk from such cow shall be sold until said permit has been granted.

(n) The Milk Inspector shall at any time have the right to take samples of milk from delivery carts and pass the milk through his dirt tester in the presence of the vendor or his servant, and thus determine the presence of any foreign substance. If on a second test so made the milk is found to contain too high a percentage of foreign matter, the vendor's license shall be cancelled until the Milk Inspector is satisfied that the milk is fit for consumption.

13. Cream shall contain 20 per cent. butter, and no milk shall be sold as cream containing a lesser percentage of butter fat unless such percentage is clearly shown upon the vessel from which said cream is supplied, for the information of the purchaser.

14. All dairymen and vendors of milk or cream, and all persons supplying milk or cream for sale in the city, and all drivers of milk or cream wagons or vehicles, having the milk or cream in their possesion at the time, shall furnish the Medical Officer of Health or Milk Inspector with such samples of milk or cream as he or they may require from time to time, and at such places as the samples may be demanded from them, the quantity of milk or cream contained in any such samples to be paid for at the current price, if payment is required therefor at the time.

15. Every sample of milk or cream shall have a label attached to the vessel containing it, which shall have written thereon, at the time of collecting, the number of the sample, date of collection, and the initials of the Inspector, who shall at once enter in a book (carried for that purpose), for future reference, a corresponding number with the name of the owner and driver from whom the said sample is obtained, but no such sample shall be used as evidence for a prosecution unless the Inspector shall deliver a duplicate thereof in a sealed bottle or vessel to the person from whom said sample is obtained.

16. Each sample shall be examined separately, according to its number, by the Medical Officer of Health or Milk Inspector, or other person appointed ,who shall register the percent-

age of butter fat opposite the corresponding number in the book kept for that purpose, the name of the owner to be subsequently inserted.

17. Every person vending or offering milk or cream for sale in the said City of Kingston shall give full information, if required, to the Medical Officer of Health or Milk Inspector, as to the source of his supply, and shall not sell milk or cream from any source condemned by the Medical Officer of Health or Milk Inspector of the said city.

18. It shall be unlawful to apply the term "certified" to any milk which does not comply with the following standard:

(a) It shall be taken from cows semi-annually subjected to the tuberculin test, and found without reaction.

(b) It shall contain not more than 10,000 bacteria per cubic centimetre from June to September, both inclusive, and not more than 5,000 bacteria per cubic centimetre from October to May, both inclusive.

(c) It shall be free from blood, pus, or disease-producing organisms.

(d) It shall be free from disagreeable odor or taste.

(e) It shall have undergone no pasteurization or sterilization and be free from chemical preservatives.

(f) It shall be cooled to 45 degrees F. or under within half an hour after milking and, kept at that temperature until delivered to the consumer.

(g) It shall contain 12 to 13 per cent. of milk solids, of which at least three and one-half per cent. is butter fat.

(h) It shall be from a farm the herd of which is inspected monthly by the veterinarian and the employees of which are examined monthly by a physician.

Provided that no milk shall be sold as "certified" until a certificate setting forth that the above conditions have been complied with is obtained from time to time from the Medical Officer of Health or Milk Inspector.

19. It shall not be lawful to apply the word "pasteurized" to any milk unless all portions have been subjected for at least twenty and not more than thirty minutes to a temperature of

not less than 140 and not more than 150 F., and then at once cooled to 45 F. or under, and kept at that temperature until delivered to the consumer, and the process of pasteurization shall be subject to inspection by the Medical Officer of Health or Milk Inspector; provided always that all such milk shall in all other respects be subject to all the terms and conditions of this by-law.

20. (a) No person suffering from, or who has knowingly within a time prescribed by the regulations of the Provincial Board of Health been exposed to diphtheria, scarlet fever, typhoid fever, erysipelas, smallpox, anthrax or venereal disease or any infectious skin disease shall work or assist in the production, transportation or vending of milk, and no proprietor, manager or superintendent of any dairy or dairy farm shall knowingly permit any person suffering or exposed as aforesaid to work or assist in the production, transportation or vending of milk, and the sale of milk produced or handled under such circumstances may be forthwith prohibited by the Inspector.

(b) Under no circumstances shall a milk vendor or his servant, employee or driver take from a quarantined house any money, can, bottle, or other utensil, or enter such house for any purpose whatever without written permission from the Medical Officer of Health of the said city.

21. All milk or cream sold or offered or kept or supplied for sale in the City of Kingston, and all milk or cream which is intended to be sold or offered or kept or supplied for sale in the said city, all cows and all dairies and other places from which such milk or cream is obtained, all cow-byres, stables, premises and places where cows are kept for the supply of any such milk or cream, all yards and permises adjoining such cow-byres, stables, premises and places, and the premises of any licensee under this by-law shall be subject to regular inspection by the Medical Officer of Health or Inspectors under the direction of the Local Board of Health of the City of Kingston, whether such milk or cream, cows, dairies, cow-byres, stables, premises and places where cows are kept, yards and premises are kept or situate within the City of Kingston or elsewhere, and no person shall do any act to prevent such inspections

22. Every dairyman and vendor of milk or cream in the said city, and every person who supplies such person with milk or cream, shall permit all his milk cows and cow byres, yards and premises and all dairies and other places in which milk

or cream is sold or kept for general use, whether the same are within the limits of the city or elsewhere, to be inspected by the Medical Officer of of Health or Milk Inspector of the said city whenever any such officers may desire to do so.

23. Every dairyman or milk vendor shall immediately notify the Medical Officer of Health or Milk Inspector upon making any change or removal of his dairy or cow-byres, or any change in the source or sources of his supply of milk or cream, or any change from the particulars given in his application for a license, and in the event of his not doing so, his license may be revoked or cancelled.

24. The proprietor of any store or shop licensed to vend milk or cream in the City of Kingston shall have his license posted up in a conspicuous place in such shop or store.

25. The provisions of this by-law shall apply to all dairymen and to all milk or cream vendors who sell, or produce, or offer, or keep or supply milk or cream for sale in the City of Kingston, either directly to the consumer or to shops, stores or to any person to be afterwards sold or delivered by such person to the consumer and to milk or cream sold or offered or kept for sale by such dairymen, milk or cream vendors in the City of Kingston, or elsewhere, and to all cows and dairies from which such milk or cream is obtained, whether such cows and dairies are kept in the said City of Kingston or elsewhere, and to all cow-byres, yards and premises and places where cows are kept for the supply of such milk or cream and to the yards and premises adjoining such cow-byres and places, whether such cow-byres and places where cows are kept are in the City of Kingston or elsewhere

26. (a) Any person violating any of the provisions of this by-law or regulations passed hereunder, shall incur a penalty of not less than $1.00 nor more than $50.00.

(b) The Ontario Summary Convictions Act shall apply to every prosecution under this by-law.

27. Sections 33 to 44, both inclusive, of By-law No. 12 of the Revised By-laws of the City of Kingston, 1907, are hereby repealed.

28. This by-law shall come in force and take effect upon its being approved by the Minister of Agriculture.

Moved by Ald. Kent, seconded by Ald. T. B. Angrove (3) that the report of the Committee on Finance and Accounts be received and adopted.—Carried.

Kingston, May 20th, 1920.

To the City Council:

The correspondence and analysis in regard to securing information from the Board of Education re the standing of the Kingston Collegiate Institute is hereby submitted.

On March 15th Clause 4 of Committee on Finance and Accounts read as follows:

That the Board of Education be asked for the following information:

(a) How many pupils tried the matriculation examination?

(b) What percentage passed?

(c) What percentage failed?

(d) What percentage tried the second time before passing?

And at the suggestion of the Mayor the Board was requested to supply the above in a manner similar to the report submitted to the Board in 1918.

On March 16th the following letter appeared in the public press over the signature of E. O. Sliter, Principal of the K.C.I.

(COPY)

Kingston, March 16th, 1920.

(To the Editor.)

I should like to have the privilege of correcting, in your columns, some misapprehensions which Mayor Nickle may have created in the minds of those who are not acquainted with the facts.

Examination results, and the percentages of candidates passing from the Collegiate Institute, are not, and never have been, kept a secret. Every year these results and percentages have been reported to the Board of Education, and, so far as I know, have appeared in the local press as part of the Board's proceedings. This would place them at the disposal of any citizen.

It is true that I recently refused to give the Mayor a summary of these results for the last four years, and I propose to

give my reasons for so doing. But first let me correct some other misapprehensions.

The Mayor, as such, has no authority in school matters. His office gives him no right to make any demands upon any official of the Board of Education. His standing with me in educational matters is that of a private citizen—no more, no less. I committed no impropriety in refusing to accede to any demand of the Mayor's.

His Worship has sought to convey the impession that nearly every school except our own gave him the information he desired. That is not the case. I have letters from the principals of many of the best schools in the province, stating that they had either refused the information or ignored the request. The Mayor knew this long ago. Has he been fair in this matter?

I refused the Mayor's request because I knew that he intended to use the information as the basis of an investigation of our school, a procedure which I could not be expected to abet. I doubt Mayor Nickle's qualifications to investigate the standing of a high school. Even if he were so qualified, he has already shown such bias, such animus, against the management of the school as to make it impossible for me to trust him. Our school has no cause to fear the result of any fair comparison with other schools, but Mayor Nickle has so far given no grounds for thinking that he could or would be fair.

There was a stronger reason: the Board of Education has full control of the schools; any inquiry into the standing of the schools should be carried on by the Board, or with its sanction. It apepared to me that Mayor icNkle was,to say the least,guilty of an indiscretion in thus usurping the functions of the oBard. It was no part of my duty, as an employee of the Board, to aid the Mayor in any such matter. without the authority of the Board. Had I done so, I should have laid myself open to grave censure.

The people of Kingston need not be alarmed about their Collegiate Institute. The Mayor is only seeking to satisfy a personal grievance. When he has done so or has given up the attempt we shall hear no more, from a man who, up to the present, has never manifested the slightset interest in education.

To some it may seem a pity that the Mayor should take o low a view of the responsibilities of his office. But, after ll, one who does this is injuring himself most of all, so it is hiefly his own affair. Some may also think that a poor exmple of "boosting Kingston" is set when the chief magistrate f the city publicly assails one of the city's important instituions, and condemns it untried and unheard, as the Mayor ome weeks ago did the Collegiate. But we are all to blame, or we all helped to elect the Mayor.

(Signed) E. O. SLITER.

At the request of the Board of Eduaction, the Mayor, acompanied by the City Clerk, attended a meeting of the Mangement Committee on March 22nd, when the request of Counil was considered. A majority of the committee were of the pinion that the information desired should be furnished. Mr. liter objected to the information being given without first nowing what Council intended to do with it. However, it was nally decided to accede to the request of Council. The secreary was unable to produce any information for 1916 and 1917, lthough Mr. Sliter's letter plainly states that the examination esults and the percentages of candidates were at the disposal f any citizen. Some of the information desired, as will be een from the attached correspondence, had to be secured rom the Department of Education at Toronto, and did not ome into the possession of the City Council until seven weeks fter Council had male request for same. An analysis of the ttached correspondence shows the following:

Lower School examination	1916	1917	1918	1919
Number writing	29	29	23	29—110
Number passed	9	18	7	16— 50
Farm certificates	..	7	7	..— 14
Per cent. passing each year	30.034	69.444	46.666	55.172

If the 14 passed on farm certificates were classed as writng on the examination the average percentage passing over he four years would be 50.5795 per cent.

Mr. Sliter's report to the Board of Education for 1918 and 1919 and the information supplied to the Board for the City Council do not agree. In 1918 the return to the City Council shows 35 wrote on Junior Matriculation and 6 passed on all subjects. The information supplied to the Board of Education shows 39 wrote and 11 passed on all subjects. In 1919 the return to the City Council shows 50 wrote on Junior matriculation and 19 passed on all subjects. The information supplied to the Board of Education show 50 wrote and 24 passed on all subjects.

The minutes of the Board of Education do not contain any results for the years 1912, 1914, 1915, 1916, and 1917, and it is therefore observed that any citizen did not have the privilege of getting this information, as it was not in possession of the secretary.

It is recommended that the Ontario Legislature be asked to so amend the High Schools Act that it will become the duty of the secretary of the Board of Education to furnish any per-

sn with any information regarding school matters upon appli-ction similar to the duties of the clerk of the municipality as lid down in Section 219, Chapter 192, Municipal Institutions,]S.O.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. By-law No. 19 is amended by adding the following Section 1 "A":

1 "a". Albert street, between Earl and Johnson streets

2. This by-law shall come in force and take effect on its passing.

Ald. Kent presented By-law No. 37, 1920. The by-law was read a first time, and the 31st rule being suspended a second and third time, the second being in the committee of the whole, Ald. Phillips in the chair, and was signed and sealed as folllows:

BY-LAW NO. 37, 1920.

A by-law to raise by way of loan the sum of $102,989.38 by the issue of debentures to meet the cost of construction of asphalt pavements, etc., on those portions of the streets of the city of Kingston mentioned in the schedules annexed to this by-law.

Passed May 25th, 1920.

WHEREAS in the opinion of two-thirds of all the members of the Council of the Corporation of the City of Kingston it was desirable in the public interest to construct asphalt pavements and the concrete curb as local improvements on the several portions of streets mentioned and described in Column One of the schedules "A" and "B" hereto annexed and by the requisite affirmative vote of three-fourths of the members of said Council, to provide from the general funds of the municipality forty per cent. of that portion of the cost of the construction of the said pavement and curb falling on the property benefited in addition to the part of such cost to be provided by the municipality and to add said forty per cent. to the said part of the cost of construction of the said roadway to be provided by the municipality and to issue debentures for the amount thus obtained.

AND WHEREAS before proceeding with the work the necessary private drain connections from the main sewer to the street line and the necessary water and gas mains, service pipes and stop cocks were made and laid as set out in schedule "C," the cost of which is to be assessed only upon the particular lot to serve which it was constructed or effected.

AND WHEREAS the said pavements and concrete curb private branch drains, water and gas mains were duly constructed and temporary advances were obtained to meet the cost thereof, and a report has been made thereupon showing that said works have been fully completed and that a special assessment roll has been prepared by the City Engineer pursuant to the by-law in that behalf, showing the cost of the said works and making an assessment therefor upon the several lots abutting directly on the works, and it has been certified that the period of ten years is the probable life of the said works.

AND WHEREAS the assessed value of the whole real property rateable in respect of said several improvements as ascertained and finally determined is the amount mentioned in the eighth column of the said schedules A and B respectively opposite the said several works as described in the first column of said schedules.

AND WHEREAS the total cost of the said several improvements is as mentioned in the second column of the said schedules respectively and the Corporation's portion of such cost is as mentioned in the third column of the said schedules respectively, and the portion of such cost chargeable against the several lots abutting directly on the works is as mentioned in the fourth column of the said schedules respectively opposite the said several works as described in the first column of said schedules.

AND WHEREAS the number of feet frontage of the lots chargeable in case of each of such local improvement works is as set down in the fifth column of said schedules and the cost per foot frontage chargeable against the lots chargeable in respect of each such work is as set down in the sixth column of each such schedule respectively opposite each such works as described in the first column of said schedules and the annual rate per foot frontage to be levied in each year for the period of ten years upon the several lots abutting directly upon and chargeable in respect of each such work is as set down in the seventh column of the said schedules respectively opposite each and such work as described in the first column of said schedules, and the said schedules is in all those particulars the same respectively as ascertained and determined by the said report and roll and statement of the City Engineer and by the Court of Revision and by the County Judge (where an appeal was had) in respect of each of the said several works.

AND WHEREAS the sum of $102,989.38, being the total cost of all the said works, is the amount of the debt to be created by this by-law and for purpose of repaying the said temporary advances it is expedient to raise the said sum of $102,-989.39 by the issue of debentures of the said city of Kingston, the principal to be payable in ten years from the first day of January, 1920, as hereinafter provided.

AND WHEREAS it will require the sum of $6,984.30 raised annually for a period of ten years to pay the sum of $48,739.06 (being the corporation's portion of said cost of the said works) and interest at the rate of 6% per annum, payable half-yearly, and it will require the sum of $7,773.92 raised annually for a period of ten years to pay the sum of $54,250.32 (being the property owners' portion of the said cost of the said works) and interest at the said rate payable half-yearly.

AND WHEREAS the whole rateable property of the said city of Kingston according to the last revised assessment roll is the sum of $14,071,000 and the amount of the existing debenture debt of the said city, exclusive of local improvement debts, secured by special acts, rates or asessments, is the sum of $1,579,989, of which neither principal nor interest is in arrear.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. It shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies, corporate, who may be willing to lend the same upon the credit of the corporation by the issue of the debentures hereinafter mentioned the sum of $102,989.38, and to cause the same to be paid into the hands of the Treasurer for the purpose of this by-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than $100 each and not exceeding in the whole the said sum of $102,989.38, and the said debentures shall be sealed with the seal of the said Corporation and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of $102,989.38 by way of loan as aforesaid for the purpose aforesaid.

3. The said debt shall be payable in ten years from the first day of January, A.D. 1920, at the office of the Treasurer of the said city of Kingston, in the said city.

4. The said debentures shall all bear the same date, and shall be issued within two years after the day on which this by-law is passed.

5. The said debentures shall bear interest at the rate of 6% per annum from the first day of January, 1920, which interest shall be payable half-yearly on the first day of the months of January and July in each year at the office of the said Treasurer in the said city of Kingston, and the said debentures shall have interest coupons attached to them, which coupons shall be signed by the said Treasurer.

6. As to the said sum of $48,739.06 being the corporation's portion of the cost of the said several works as described in column one of the schedule hereto annexed, there shall be raised annually during the currency of the debentures the sum of $2,924.34 for the interest thereon and the sum of $4,059.96 to form a sinking fund for the payment of the said debt, the said sum making together the anual amount of $6,984.30 to be raised, levied and collected in each year during the said period of years by annual special rate sufficient therefor to be levied on the whole rateable property in the said municipality.

7. As to the said sum of $54,250.32 being the owners' cost of the said several works as described in column one of Schedules A and B and set out in Schedule C hereto annexed, there shall be raised annually during the currency of the said debentures the sum of $3,255.02 for the payment of the interest thereon and the sum of $4,518.90 to form a sinking fund for the payment of the said portion of the said debt, the said sums making together the anual amount of $7,773.92. For the payment of the owners' portion of the cost, $54,250.32, and the interest thereon, the several special assessments set forth in the said Special Assessment Rolls and in the schedules hereto annexed, are hereby imposed upon the lands liable therefor as therein severally set forth, which said annual assessments with a sum sufficient to cover the interest thereon at the rate aforesaid, shall be payable in ten (10) equal annual instalments as severally set forth in column 7 of Schedules "A" and "B" and in column 4 of Schedule C, and for that purpose the special annual rate per foot frontage set forth in Schedules A and B and the special annual rate per lot as set forth in Schedule "C" hereto annexed, are hereby imposed upon the lots entered in the said special Assessment Roll and Schedules 'A" and "B" according to the assessed frontage thereof and as set out in Schedule "C" over and above all other rates and taxes, which said

special rates shall be collected annually by the collector of taxes for the corporation at the same time and in the same manner as other taxes.

8. The said debentures shall be sold and the proceeds thereof shall be applied in paying and discharging the temporary loan or debt incurred in and for the construction of the said works and in no other way and for no other purpose whatever.

9. Any person whose lands are assessed for the said special rate in respect of any of the said local improvements may commute for the payment of his proportionate share of the cost of the said improvements as aforesaid by paying a principal sum according to his frontage as shown in the said roll of the City Engineer as finally revised up to the end of two weeks from and after this by-law shall take effect, after which the said debentures shall be issued and no commutation shall be permitted, and the lands of persons commuting shall not be subject to the said special rate and the amounts of the said debentures shall be reduced by the amount paid as commutation.

10. This by-law shall come in force and take effect on its passing.

BY-LAWS.

Ald. Craig presented By-law No. 38, 1920. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Smith in the chair, and was signed and sealed as follows:—

BY-LAW NO. 38, 1920.

A By-law to raise by way of loan the sum of $8,754.56 by the issue of debentures to meet the cost of construction of sewers and a concrete walk in those portions of the streets of the City of Kingston mentioned in the schedule annexed to this By-law.

Passed June 7th, 1920.

WHEREAS the Council of the Corporation of the City of Kingston, upon the recommendation of the Local Board of

Health, approved of by the Provincial Board of Health, did affirm by a vote of two-thirds of all the members of the Council in regular meeting thereof, that it was desirable and necessary in the public interest to construct each of the sewers mentioned and described in Column One of Part I of the Schedule hereto annexed for the purpose of draining a particular locality for sanitary drainage purposes as a local improvement under the provisions of the Local Improvement Act.

AND WHEREAS petitions were received by the said Council praying for the construction of common sewers as local improvements under the said Act on the portion of the streets mentioned and described in Column One of Part II of the schedule hereto annexed, such petitions being signed by at least two-thirds in number of the owners of the real property to be benefited thereby according to the last revised Assessment Roll of the Municipality, such owners representing at least one-half in value of such real property, (the number of such owners and the value of such real property, as appeared by the last assessment roll of the Municipality, having been first ascertained and determined in the manners and by the means provided by a By-law in that behalf), and thereupon the said council decided that a common sewer should be constructed on the said portion of said street in accordance with the said petition, the construction of the said sewer having been approved of by the Provincial Board of Health.

AND WHEREAS a petition was received by the said Council praying for the construction of a concrete walk as a local improvement on that portion of Albert street mentioned and described in Column One of Part III of the Schedule hereto annexed, such petition being signed by at least two-thirds in number of the owners of the real property to be benefited thereby, according to the last revised Assessment Roll of the Municipality, such owners representing at least one-half in value of such real property (the number of such owners and the value of such real property as appeared by the last revised assessment roll of the Municipality having been first ascertained and determined in the manner and by the means provided by a By-law in that behalf) and thereupon the said Council decided that the said concrete walk should be constructed in accordance with the said petition.

AND WHEREAS the said several sewers and the said concrete walk were duly constructed and temporary advances were obtained to meet the cost thereof, and a report has been made thereupon showing that said respective works have been fully completed and a special assessment roll has been prepared by the City Engineer pursuant to the By-law in that behalf showing the cost of the said several works respectively and making an assessment therefor upon the several lots abutting directly on the respective works, and it has been certified that the period of twenty years is the probable life of each of the said several works.

AND WHEREAS the assessed value of the whole real property rateable in respect of the said several improvements as ascertained and finally determined is the amount mentioned in the eighth column of the said Schedule respectively opposite the said several works as described in the first column of said schedule.

AND WHEREAS the total cost of the said several improvements is as mentioned in the second column of the said Schedule respectively and the Corporation's portion of such cost is as mentioned in the third column of the said Schedule respectively, and the portion of such cost chargeable against the several lots abutting directly on the work is as mentioned in the fourth column of the said Schedule respectively opposite the said several works as described in the first column of said Schedule.

AND WHEREAS the number of feet frontage of the lots chargeable in case of each of such local improvement works is as set down in the fifth column of said Schedule, and the cost per foot frontage chargeable against the lots chargeable in respect of each of such works is as set down in the sixth column of each such Schedule respectively opposite each such works as described in the first column of said Schedule and the annual rate per foot frontage to be levied in each year for the period of twenty years upon the several lots abutting directly upon and chargeable in respect of each such work is as set down in the seventh column of the said Schedule respectively opposite each such work as described in the first column of said Schedule and the said Schedule is in all those particulars the same respectively as ascertained and determined by the said report and roll and statement of the City

Engineer and by the Court of Revision and by the County Judge (where an appeal was had) in respect of each of the said several works.

AND WHEREAS the sum of $8,754.56, being the total cost of the said works, is the amount of the debt to be created by this By-law and for the purpose of repaying the said temporary advances it is expedient to raise the said sum of $8,754.56 by the issue of debentures of the said City of Kingston, the principal to be payable in twenty years from the first day of January, 1920, as hereinafter provided.

AND WHEREAS it will require the sum of $206.50 to be raised annually for a period of twenty years to pay the sum of $2,330.69 (being the Corporation's portion of the said cost of the said works) and interest at the rate of 5½% per annum, payable half-yearly; and it will require the sum of $569.16 raised annually for a period of twenty years to pay the sum of $6,423.87, (being the property owners' portion of the said cost of the said works) and interest at the said rate payable half yearly.

AND WHEREAS the whole rateable property of the said City of Kingston according to the last revised assessment roll is the sum of $14,071,000, and the amount of the existing debenture debt of the said city, exclusive of local improvement debts, secured by special acts, rates or assessments, is the sum of $1,579,989, of which neither principal nor interest is in arrear.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to lend the same upon the credit of the Corporation by the issue of debentures hereinafter mentioned the sum of $8,754.56 and to cause the same to be paid into the hands of the Treasurer for the purpose of this By-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sum of money as may be required, not less than $100 each and not exceeding in the whole the said sum of $8,754.56, and the said debentures shall be sealed with the seal of the said corporation and signed

by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of $8,754.56 by the way of loan as aforesaid for the purpose aforesaid.

3. The said debt shall be payable in twenty years from the first day of January, A.D. 1920, at the office of the Treasurer of the said City of Kingston, in the said City.

4. The said debentures shall all bear the same date, and shall be issued within two years after the day on which this By-law is passed.

5. The said debentures shall bear interest at the rate of 5½% per annum from the first day of January, 1920, which interest shall be payable half-yearly on the first day of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston, and the said debentures shall have interest coupons attached to them which coupons shall be signed by the said Treasurer.

6. As to the said sum of $2,330.69, being the Corporation's portion of the cost of the said several works as described in column one of the schedule hereto annexed there shall be raised annually during the currency of the debentures the sum of $128.19 for the interest thereon and the sum of $78.31 to form a sinking fund for the payment of the said debt, the said sum making together the annual amount of $206.50 to be raised, levied and collected in each year during the said period of twenty years by annual special rate sufficient therefor to be levied on the whole rateable property in the said Municipality.

7. As to the said sum of $6,423.87 being the owners' portion of the cost of the said several works as described in column one of the Schedule hereto annexed, there shall be raised annually during the currency of the said debentures the sum of $353.32 for the payment of interest thereon, and the sum of $215.84 to form a sinking fund for the payment of the said portion of the said debt, the said sums making together the annual amount of $569.16. For the payment of the owners' portion of the cost, $6,423.87, and the annual interest thereon, $215.84 the several special assessments set forth in the said Special Assessment Rolls are hereby imposed upon the lands liable therefor as therein severally set forth, which said annual assessments with a sum sufficient to cover the

interest thereon at the rate aforesaid shall be payable in twenty (20) equal annual instalments as severally set forth in Column No. 7 opposite the said several works as described in Column No. 1 of the said Schedule hereto annexed and for that purpose the equal annual special rate per foot frontage applicable to each work as set forth in Column No. 7 is hereby imposed in the case of each of such works upon the lots abutting directly upon said work as described in Column One (1) of said Schedule, according to the assessed frontage thereof, over and above all other rates and taxes, which said special rates shall be collected annually by the collector of taxes for the Corporation at the same time and in the same manner as other taxes.

8. The said debentures shall be sold and the proceeds thereof shall be applied in paying and discharging the temporary loan or debt incurred in and for the construction of the said works and in no other way and for no other purpose whatever.

9. Any person whose lands are assessed for the said special rate in respect of any of the said local improvements may commute for the payment of his proportionate share of the cost of the said improvements as aforesaid by paying a principal sum according to his frontage as shown in the said roll of the City Engineer as finally revised up to the end of two weeks from and after this By-law shall take effect, after which the said debentures shall be issued and no commutation shall be permitted, and the lands of persons commuting shall not be subject to the said special rate and the amount of the said debenture shall be reduced by the amount paid as commutation.

10. This By-law shall come in force and take effect on its passing.

Finance and Accounts.

Ald. Kent presented report No. 51 from the Committee on Finance and Accounts, as follows:—

Kingston, June 22, 1920.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Finance and Accounts begs leave to report and recommend as follows:

1. That the application of the Parks Committee for funds to construct a Public Lavatory in City Park be granted in accordance with the terms of the report of Parks Committee to Council dated June 21st, 1920. The Finance Committee will provide the funds at present and later on will submit a By-law to raise the amount of money required by the sale of debentures.

2. That the request of Fred. J. Marsh for refund rental of City Hall be not granted.

3. That owing to the high price of money it is deemed advisable to curtail expenditures as much as possible because

we have to pay too high a rate of interest when we sell our debentures, and that the Board of Works be requested to cease the construction of permanent pavements after the pavement is constructed in Montreal street. This city has a first-class credit at the present time and the Finance Committee are desirous that all Committees will live within their appropriation so as to keep our public debt as low as possible.

4. That Monday, July 26th, be Civic Holiday.

BY-LAWS.

Ald. T. B. Angrove presented By-law No. 40, 1920. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being

in committee of the whole, Ald. Twigg in the chair, and was signed and sealed as follows:

BY-LAW NO. 40, 1920

A By-law to authorize the construction of Asphalt Macadam Pavements on concrete bases, concrete walks and concrete curbs, in the streets and parts of streets in the City of Kingston, set out in the Schedule hereto annexed marked "A", each as a local improvement under The Local Improvement Act.

Passed 23rd June, 1920.

WHEREAS it is expedient that the construction of the Asphalt Macadam Pavements on concrete bases and any paving in connection therewith, and the concrete walks and concrete curbs on the streets and parts of streets set out in the Schedule hereto annexed marked "A", shall be undertaken each as a local improvement, and notice of the intention of the Council to undertake each of such works has been duly published.

THEREFORE the Municipal Council of the Corporation of the City of Kingston enacts as follows:—

1. That it is determined and declared by this By-law being passed by a vote of two-thirds of all the members of the Council that it is desirable that the construction of each of the said Asphalt Macadam Pavements on concrete bases and any paving in connection therewith, and each of the concrete walks and each of the concrete curbs on the streets and parts of the streets set out in the schedule hereto annexed marked "A" shall be undertaken as a local improvement under the provision of The Local mprovement Act.

2. That as above determined and declared, each of the said Asphalt Macadam pavements on concrete bases with the paving connected therewith, and each of the concrete walks and each of the concrete curbs be constructed as a local improvement under the provisions of The Local Improvement Act.

3. That the City Engineer do forthwith make such plans, profiles and specifications and furnish such information as

may be necessary for the making of the contract or contracts for the execution of the said works.

4. That the said works shall be carried on and executed under the superintendence and according to the instructions and orders of such Engineer.

5. That the Mayor and Clerk are authorized to cause a contract or contracts, for the construction of the said works, to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

6. The Treasurer may, subject to the approval of the Council, agree with any Bank or person for temporary advances of money to meet the cost of the said works, pending the completion thereof.

7. The special assessment in each case shall be paid by ten annual instalments, which is the within lifetime of each of the said works.

8. The debentures to be issued for the loan to be effected to pay for the cost of the works when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by the Council, and to be made payable within ten years on the sinking fund plan, and in settling the sum to be raised annually to pay the debt the rate of interest shall not be estimated at more than four per cent. per annum.

9. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon, by paying the portion of the cost of construction assessed upon such lot, without interest, forthwith, after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

10. This By-law shall come in force and take effect on the passing thereof.

(Signed)

W. W. SANDS,
City Clerk.

HUGH C. NICKLE,
Mayor. [L.S.]

the southerly side of Duff street; and eleven and twelve on the northerly side of Fraser street; and seventeen, eighteen, nineteen and twenty on the southerly side of Fraser street, and a lot not numbered on the east side of Montreal street at the intersection with the west side of Rideau street, Duff street from the east side of Montreal to west side of Rideau and Fraser streets, from east side of Montreal to west side of Rideau street, as shown on a plan of subdivision made by T. W. Nash, P.L.S., on April 9th, 1887; and registered in the Registry Office for the City of Kingston on the 5th day of December, 1888, and now on file as Plan No. "C" 8.

SECONDLY: City quarry lot on the east side of Montreal street, commencing at a point 1,209 feet more or less south of the intersection of Montreal and Rideau streets; thence southerly 400 feet; thence easterly 300 feet; thence northerly 400 feet; thence westerly 300 feet to the place of beginning.

THIRDLY: Lot numbered twenty-one on the aforesaid plan on the east side of Rideau street and the lot not numbered on said plan lying between Rideau street. Montreal street, and the Kingston and Pembroke Railway, described as follows: COMMENCING at the north-easterly corner of Montreal and Rideau streets, thence in a south-easterly direction along the east side of Rideau street 245.5 feet more or less; thence in a north-easterly direction 110.6 feet more or less; from the east side of Rideau street along the northerly boundary of lot number twenty-one to the Kingston and Pembroke Railway right of way; thence in a north-westerly direction along the Kingston and Pembroke Railway right of way. 255 feet more or less to Montreal, thence in a south-westerly direction 47.5 feet more or less to the place of beginning, being the lands shown on the annexed plan, and containing about thirteen and one-half acres.

2. The said lands, the buildings thereon and hereafter erected thereon used for manufacturing or warehousing and sale purposes, and the plant and equipment hereinafter erected or placed thereon and improvements hereafter made thereto, and every part thereof owned or hereinafter owned by the said recited company shall be exempt from taxation, including business tax and local improvement tax and rates, except taxes for school purposes, for a period of ten years from the delivery of a conveyance of the said lands to the Company; the Corpora-

tion further agrees to apply at its own expense to the Legislature of the Province of Ontario at the next session thereof for an Act to confirm a By-law to be submitted forthwith by the Corporation granting the said exemption for a further period of ten years from the expiration of the first mentioned period and to confirm this agreement, and the Corporation covenants to use every reasonable endeavor to secure the passing of the said Act.

3. The Corporation shall apply at its own expense to the Legislature of the Province of Ontario at the next session thereof for an Act fixing the assessment for school purposes of the real and personal property mentioned above, owned or hereafter to be owned by the said Company for a period of ten years from the passing of such Act, at the sum of $10,000, and shall use all reasonable endeavors towards the passing of the said Act.

4. The Corporation shall at its own cost and expense forthwith, after the conveyance of the said lands to the Company, cause to be constructed or procured for the use of the Party of the Second Part a railway siding of Standard gauge connecting the said lands from a point therein with the railway lines of the Grand Trunk and Canadian Pacific Railways, such point and location of siding to be mutually agreed upon by the parties hereto and approved by the railways.

5. The Corporation shall by its Council, without delay procure to be submitted to the electors of the Municipality of the City of Kingston, qualified to vote on money By-laws, a By-law to carry out the terms of this agreement, provided that in case the By-law on such submission shall fail to receive the assent of the said electors, as required by the Municipal Act, then this agreement and said By-law shall be null and void; and provided further that in case the said By-law received the assent of the said Electors as by law required, the Corporation shall by its Council pass the said By-law.

6. The Company when incorporated shall within a reasonable time after the conveyance to it of the said lands, erect a factory on the said lands suitable for the purpose of the Company, and shall instal plant and equipment therein suitable for the purpose of the business of the Company, and shall commence the business of manufacturing machinery within twelve months from the conveyance of the said lands to it, provided, however, should the erection or commencement of manufac-

turing be delayed through strikes, labour difficulties, the procuring of building or other materials, or any cause beyond the control of the company, the said period shall from time to time be extended by a further time lost by such delay.

7. The Company when incorporated shall employ during the first five years from the date it actually commences its manufacturing operations an average of not less than one hundred employees for an average of nine months during each of the said years; subject, however, to labour difficulties, strikes, the procuring of raw or other material, general business conditions affecting the business of the Company, and matters beyond the reasonable control of the Company; should the Company for any other cause not employ the said average number of employees during the average period, the Company shall pay taxes during such period of default on the said lands, buildings, plant equipment and personal property based on a fixed assessment of $10,000 and no more.

8. The Company shall during the said five years furnish to the City Clerk of the Corporation at the end of each said year a statement verified by a Statutory Declaration of the President, Secretary or Treasurer of the said Company, showing the number of employees during the said time; and the City Treasurer and City Auditor of the Corporation shall have acecss to the pay roll of the Company during the said period to verify the said statement.

9. The Company to be incorporated by the Party of the Second Part shall forthwith after the organization thereof enter into and execute an agreement with the Corporation binding the said Company to do, observe and perform in all respects the covenants, stipulations and agreements herein on the part of the Party of the Second Part agreed to be done, observed and performed; and upon the Company executing the said agreement, the Party of the Second Part shall be relieved from all liability and obligations whatsoever herein contained, or arising out of this agreement.

10. It is agreed that should the Party of the Second Part or the said Company fail to observe or perform the terms of paragraph 6 or subject to strikes, labour difficulties, general business conditions and matters beyond the control of the Company fail to transfer the said manufacturing businesses to the City of Kingston within eighteen months from the delivery of the conveyance to the said Company, then on the option

of the Company either the above lands shall revert to and be conveyed back to the said Corporation with all buildings and improvements thereon, or the said Corporation shall be repaid all money expended by it for or in respect of the said lands and railway siding with interest thereon from the date of such expenditure and upon such re-conveyance or repayment there shall be no liability on the part of the Company or the Party of the Second Part in respect to or arising out of this agreement; before the said Corporation shall ask for or be entitled to such re-conveyance or payment they shall serve three months' notice of their intention to do so, which notice shall set out the breach or default complained of, and the Company or the Party of the Second Part may within the said three months make good the default or breach complained of and save such forfeiture or repayment.

11. This agreement and the several terms of the same shall be respectively binding upon the heirs, executors, administrators and assigns of the Party of the Second Part upon the Company, its successors and assigns, when incorporated, and upon the successors and assigns of the Corporation in all respects as if expressly named therein.

IN WITNESS WHEREOF the said parties have executed this agreement by affixing thereto their several seals and the Mayor of the Corporation and the Party of the Second Part have hereto set their hands the day and year above written.

Ald. T. B. Angrove presented By-law No. 44, 1920. The By-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Cohen in the chair, and was signed and sealed as follows:

BY-LAW NO. 44, 1920.

A By-law to authorize the construction of sewers on the streets and parts of the streets in the City of Kingston set out in the schedule hereto annexed as local improvements, under the provisions of the Local Improvement Act.

Passed 18th day of August, 1920.

WHEREAS the Local Board of Health of this Municipality has recommended the construction of the nine-inch tile sewers set out in the schedule hereto annexed, and it is therefore necessary and desirable in the public interest on sanitary grounds to construct such sewers according to such recommendation as local improvements;

AND WHEREAS the Provincial Board of Health has approved of the construction of the said works: THEREFORE the Municipal Council of the Corporation of the City of Kingston enacts as follows:

1. (a) That it is determined and declared, this By-law being passed by a vote of two-thirds of all members of the Council that it is desirable that the construction of the said sewers on the streets set out in the schedule hereto annexed should be undertaken as local improvements under the psovisions of the Local Improvement Act.

(b) That as above determined and declared the said sewers be constructed as local improvements under the provisions of the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of a contract for the execution of the work.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and the Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation subject to the approval of this Council to be declared by resolution.

5. The treasurer may (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet with the cost of the work pending completion of it.

5. The special assessment shall be paid by twenty annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be effected to pay the cost of the work when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by Council, and to be made payable within twenty years on the sinking fund plan, and, in settling the sum to be raised annually to pay the debt, the rate of interest on investments shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is especially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by the payment of such sums as, when invested at four per cent. per annum, will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

Unfinished Business.

Kingston, Sept. 23, 1920.

To the Members of Council:

Gentlemen,—As the year grows to a close the appropria tion of each Committee grows rapidly smaller.

This year's Council started the year with a strong dete mination to live within the amount set in the budget. Wit the exception of the Board of Works this has so far been a complished. Although the Board of Works has overdraw their appropriation to the extent of about $4,000.00, I am sur you will agree with me that the expenditures made by th Board were necessary and resulted in many of our stree being kept in an excellent state of repair. Upwards of $1,0(was spent in repairing permanent pavements. This was n contemplated when the estimate of the Board of Works wa being considered when the budget was struck. After the bu get was struck the oiling area was considerably increase necessitating the employment of more street cleaners. Th two items referred to above account for most of the ove draft of the Board of Works.

I wish to place before you some of the uncontrollable e penditures which will in all probability confront next year Council, in the hope that those who have the honour of no representing the citizens will make every effort to avoid a overdraft.

The Contagious Disease Hospital will incur an annual debenture charge of over $13,000.00. Pavements and other local improvements of this year an annual charge of $7,000.00. Robert Meek school $10,000.00; $5,000.00 increased salary to Collegiate teachers on account of allowances being withdrawn due to the removal of the Faculty of Education—$2,500.00 of this amount will appear as an overdraft of 1920, the remaining $2,500.00 rightly belongs to 1921.

Under the recent Public Library legislation of the Ontario Government the Public Library Board can without the consent of Council ask for an annual appropriation of fifty cents per capita. It would therefore not be unreasonable to assume that the annual cost of the Public Library would be $10,000.00. Other legislation affecting the municipality calls for the employment of four more firemen, annual cost close to $5,000.00, making the uncontrollable expenditures for 1921 approximately $50,000.00 in excess of this year.

I am placing this information before you so that you may be in a position to know that this year's Council are earnestly endeavoring to close the year without an overdraft. With your co-operation I feel that we can end the year without an overdraft.

HUGH C. NICKLE, Mayor

BY-LAWS.

Ald. Craig presented By-law No. 41, 1920, for third reading. Moved by Ald. Craig, seconded by Ald. Armstrong, that By-law No. 41, having been voted upon favorably by the electors, be now read a third time, signed and sealed by the Mayor. —Carried.

BY-LAW NO. 46, 1920.

A By-law to authorize the construction of a concrete walk on the Westerly side of Maitland Street, from the water front Northerly a distance of ninety feet, in he City of Kingston, as a local improvement under the provisions of The Local Improvement Act.

Passed 27th day of September, 1920.

WHEREAS it is expedient that the construction of a concrete walk on the Westerly side of Maitland Street from the water-front, a distance of ninety feet, to connect with the existing concrete walk, in said City of Kingston, should be undertaken as a local improvement and that notice of the intention of the Council to undertake such work has been duly published.

THEREFORE the Municipal Council of the Corporation of the City of Kingston enacts as follows:—

1. (a) That it is determined and declared, this by-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of the said concrete walk should be undertaken as a local improvement under the provisions of The Local Improvement Act.

(b) That as above determined and declared, the said concrete walk be constructed as a Local Improvement under the provisions of The Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications and furnish such infor-

nation as may be necessary for the making of a contract for he execution of the work.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

6. The special assessment shall be paid by twenty annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by the Council, and be made payable within twenty years on the sinking fund plan, and, in settling the sum to be raised annually to pay the debt, the rate of interest on investments shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk and at any time hereafter by the payment of such sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

That it is determined and declared, this by-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of a sewer on King street, in this city, from Gore street northerly for a distance of one hundred and sixty-three feet, and on Clergy street from Queen street northerly a distance of one hundred and eighty-three feet, in the city of Kingston, should be undertaken as local improvements under the provisions of the Local Improvement Act.

2. That as above determined and declared the said sewers be constructed on said streets, in the City of Kingston, as local improvements under the provisions of the Local Improvement Act.

3. The Engineer of the Corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of a contract for the execution of the work.

4. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

5. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council, to be declared by resolution.

6. The Treasurer may (subject to the approval of the Council) agree with any bank or person for the temporary advances of money to meet the cost of the work pending the completion of it.

7. The special assessment shall be paid by twenty annual instalments (which is within the lifetime of the work).

8. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter

passed by Council, and be made payable within twenty (20) years on the sinking fund plan, and, in settling the sum to be raised annually to pay the debt, the rate of interest on investment shall not be estimated at more than four per cent. per annum.

9. Any person whose lot is especially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by the payment of such sums as, when invested at four per cent. per annum, will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS, City Clerk. HUGH C. NICKLE, Mayor. [L.S.]

BY-LAWS.

Ald. Steacy presented By-law No. 56, 1920. The By-law was read a first time anl the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Phillips in the chair, and was signed and sealed, as follows:

BY-LAW NO. 56, 1920

A By-law to provide for taking the votes of the electors on the following question:

"Are you in favor of a City By-law to bring in force Daylight Saving, from the first Sunday in May to Labor Day, both inclusive?"

Passed this 6th December, 1920.

Whereas it is considered desirable and expedient to obtain the opinion of the electors on the following question:

> "Are you in favor of a City By-law to bring in force Daylight Saving, from the first Sunday in May to Labor Day, both inclusive?"

and to pass this by-law for the purpose of enabling the electors to vote on said question;

BE IT THEREFORE ENACTED by the Municipal Council of the Corporation of the City of Kingston, as follows:

1. The votes of the electors of the Corporation of the City of Kingston should be taken on the said question at the same time and at the same place as the annual election for the Municipal Council, and the deputy returning officers appointed to hold said election shall take the vote.

2. On the 27th day of December, A.D. 1920, at the hour of eleven o'clock in the forenoon, the head of the Council of the said Corporation, or some member of said Council appointed for that purpose by resolution, shall attend at the Mayor's office in the said Municipality for the purpose of appointing and, if requested so to do, shall appoint by writing signed by him two persons to attend at the final summing up of the votes by the Clerk and one person to attend at each polling place on behalf of the persons interested in and voting in the affirmative on said question and a like number on behalf of the persons interested in and voting in the negative on said question.

3. On the 3rd day of January, A.D. 1921, at the hour of eleven o'clock in the forenoon, at the City Clerk's office in the said municipality, the Clerk of the said municipality shall attend and sum up the votes given in the affirmative and negative on the said question.

This by-law shall come in force and take effect on the passing thereof.

A. H. MUIR,
Acting City Clerk.

HUGH C. NICKLE,
Mayor. [L.S.]

Ald. Chown presented By-law No. 57, 1920, The By-law was read a first time, and the 31st rule being suspended by two-thirds vote, Council went into the committee of the whole on the second reading of the By-law, Ald. Robertson in the chair.

BY-LAW NO. 57, 1920.

A by-law for granting a bonus to and entering into an agreement with The K. D. Manufacturing Company.

Passed

WHEREAS it is expedient to purchase and acquire the lands hereinafter mentioned for the purposes of the Corporation of the City of Kingston, and to raise the money to meet the cost of the same by the issue of debentures of this Corporation. The lands to be purchased are: Part of Farm Lot Three, West of the Great Cataraqui River, being Lot Three and the West half of Lot Two as numbered and laid down on a plan of town lots laid out upon Farm Lots Two and Three of the Concession West of the Great Cataraqui River, made by D. Williams, dated the 6th April, 1874, and registered in the Registry Office of the City of Kingston on the 8th of April, 1874.

AND WHEREAS the amount of the debt to be created by this by-law is $2,000;

AND WHEREAS the total amount required to be raised annually during the currency of said debt by a special rate on the rateable property liable thereto, for paying the said debt and interest as herein provided is $287.00;

AND WHEREAS the amount of the existing debenture debt of the said municipality, exclusive of the Local Improvement Debt, secured by special rates, acts or assessments, is

$1,579,989, and no part of the same or of the interest thereon is in arrear;

AND WHEREAS the amount of the whole rateable property of the said municipality according to the last revised Assessment Roll, being for the year 1920, is $14,071,000;

AND WHEREAS it is deemed expedient and in the interest of the city and for the promotion of manufactures in the Municipality, to enter into the agreement hereto annexed and to grant the land and the exemptions from taxation herein set forth;

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to lend the same on the credit of the Corporation by the issue of the debentures hereinafter mentioned, the sum of $2,000 and to cause the same to be paid into the hands of the Treasurer for the purpose of this by-law, and therewith to purchase the said lands.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than $100 each and not exceeding in the whole the sum of $2,000, and the said debentures shall be sealed with the seal of the said Corporation and signed by the Mayor and countersigned by the said Treasurer thereof and shall be used to raise the sum of $2,000 by the way of loan as aforesaid, for the purpose aforesaid.

3. The said debt shall be payable within ten years from the First day of January, 1921, at the office of the Treasurer of the said City of Kingston.

4. The said debentures shall all bear the same date and shall be issued within two years after the day on which this by-law is passed.

5. The said debentures shall bear interest at the rate of six per cent. per annum from the first day of January, 1921, with interest payable half-yearly on the first days of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston, and the said de-

bentures shall have interest coupons attached to them, which coupons shall be signed by the said Treasurer.

6. There shall be raised annually during the currency of the said debentures the sum of $120 for the payment of the interest thereon, and the sum of $167 to form a sinking fund for the payment of the said debt, the said sum making together the annual amount of $287 to be raised, levied and collected in each year during the period of ten years by an annual special rate sufficient therefor.

7. The said Corporation is hereby directed and empowered to enter into the contract with the said Howard Kelly and John Stanley Driver, doing business in partnership under the name of "The K. D. Manufacturing Company," hereto annexed as part of this by-law, and the Mayor and City Clerk are hereby directed and empowered to execute the same on behalf of this Corporation, and to affix its Corporate Seal and to bind thereby this Corporation to the terms and conditions therein contained.

This By-law shall take effect on the day of the passing thereof, subject to its being assented to by the electors.

ARTICLES OF AGREEMENT made this day of December A.D. 1920,

BETWEEN:

THE CORPORATION OF THE CITY OF KINGSTON,

hereinafter called the Corporation,

of the First Part,

AND

HOWARD KELLY and JOHN STANLEY DRIVER,

both of said City, Manufacturers, doing business in partnership under the name The K. D. Manufacturing Company,

of the Second Part.

WITNESSETH, that the said Corporation agrees to grant and convey to the said parties of the second part, part of farm lot Three, West of the Great Cataraqui River, being lot Three and the West half of Lot Two as numbered and laid down on a plan of Town Lots laid out upon farm lots Two and Three of the concession West of the Great Cataraqui River, made by D. Williams, dated 6th April, 1874, and registered in the Registry Office for the City of Kingston on the 8th April, 1874;

AND FURTHER to grant exemption for ten years from all municipal taxation, except taxation for school purposes, in respect of said land and all buildings and erections and machinery thereon used for manufacturing purposes, including business tax, upon the following terms and conditions:

The said parties of the second part agree to erect upon said land, on or before the first day of March next, a building for manufacturing purposes one hundred feet by forty feet, with a boiler house twenty feet by thirty feet, and to instal and equip in said buildings the necessary machinery to manufacture oval picture frames, and to commence manufacturing the same on or before the said first day of March next, and on and after said date to employ in said industry continuously during said period of exemption, not less than fifteen employees, unless prevented by strikes or causes over which they have no control.

IT IS FURTHER AGREED that the City Auditor shall have at all times during said period of exemption, free access to such books and vouchers of the said parties of the second part as he may require to enable him to determine whether the said parties of the second part are fulfilling the terms of this agreement.

IT IS AGREED that should the said parties of the second part fail to erect said buildings, instal said machinery and plant or commence said manufacturing as agreed, or should the said parties of the second part discontinue said manufacturing industry for a period of three months, during the period of exemption, or fail to employ the said number of employees for a period of three months, during said period of exemption, unless prevented by strikes, then the said parties of the second part shall forfeit their right to exemption from taxation and shall either

repay to the said Corporation the sum of $2,000, the price of the land, with interest, or in default of such payment shall forfeit to the said Corporation the said land with all buildings, erections, machinery and fixtures thereon, and the said Corporation shall be entitled to a conveyance thereof in fee simple, free from all incumbrances, from the said parties of the second part, their heirs, executors, administrators and assigns.

AS WITNESS the hands and seals of said parties hereto and affixed.

Signed, Sealed and Delivered

in presence of

Ald. Steacy presented By-law No. 58, 1920. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Sargent in the chair, and was signed and sealed, as follows:

BY-LAW NO. 58, 1920.

A by-law to provide for taking the votes of the electors on a proposed by-law entitled, "A By-law for granting a bonus to and entering into an agreement with The K. D. Manufacturing Company."

Passed this 6th December, 1920.

WHEREAS the said by-law mentioned above requires for its validity the assent of the electors and it is expedient and necessary to pass this by-law, for the purpose of enabling the electors to vote on the said by-law;

BE IT THEREFORE ENACTED by the Municipal Council of the Corporation of the City of Kingston, as follows:

1. The votes of the electors of the Corporation of the City of Kingston should be taken upon the said proposed by-law at the same time and at the same place as the annual election for the Municipal Council and Deputy Returning Officers appointed to hold said election shall take the votes.

2. On the 27th day of December, A.D. 1920, at the hour of eleven o'clock in the forenoon, the head of the Council of said Corporation or some member of said Council appointed for that purpose by resolution shall attend at the Mayor's office in the City Building, in the City of Kingston, for the purpose of appointing, and, if requested so to do, shall appoint by writing signed by him in the case of each of said by-laws, two persons to attend at the final summing up of the votes by the clerks and one person to attend at each polling place on behalf of the persons interested in and promoting the said proposed by-law, and a like number on behalf of the persons interested in and opposing the proposed by-laws.

3. On the 3rd day of January, A.D. 1921, at the hour of eleven o'clock in the forenoon, at the said Mayor's office, the Clerk of the Municipality shall attend and sum up the votes given for and against the proposed by-laws.

This by-law shall come in force and take effect on its passing.

Board of Works

Ald. T. B. Angrove presented report No. 81 from the Board of Works as follows:—

Kingston, Dec. 15th, 1920.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Board of Works begs leave to report and recommend as follows:

1. That the City Engineer be authorized to make an arrangement with R. H. Fair whereby he will be allowed to store 200 cubic yards of sand in the Fair Grounds at $1.75 per cubic yard.

2. That the construction of the proposed sewer in Raglan Road be proceeded with, and that the Engineer be authorized to purchase tile for the same.

Respectfully submitted,

Industries.

Ald. Steacy presented report No. 82 from the Committee on Industries as follows:

Kingston, Dec. 16th, 1920.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Industries begs leave to report and recommend as follows:

1. That the Industries Committee for 1920 formed by the members of the City Council Committee and Board of Trade have met during the year and transacted the business with care and despatch and are very much pleased with the harmony which now exists between the City Council and the Board of Trade.

That the Chairman of the City Committee with Mr. J. M. Campbell of the Board of Trade have acted as an Executive

and consultant with Dr. Sands, who has been acting as Industrial Commissioner. These gentlemen gave a great deal of time and attention to the work and responded to every call, giving excellent advice.

During the year the Frontenac Floor and Tile Co. have reopened with increased capital and with every prospect of much success.

Mr. C. A. Eaton of Turner's Falls, Mass., has taken over the Cereal Building and put in the Canadian Cutlery Plant. He is now manufacturing pocket knives and will eventually extend to the manufacture of other cutlery.

Mr. F. W. Fisher has started a paper box factory which has a splendid outlook and will be enlarged.

Mr. Stanley Driver and Howard Kelly have under erection a factory to make oval picture frames. This is just a beginning of a large concern as these young men know the business and the order field for this class of goods is very large. We ask all citizens to remember the By-law favorably on Jan. 1st next.

Mr. John M. Hughes has taken over the Reed and Rattan Co., manufacturing a certain line of furniture. Their goods have always been of a high class and with Mr. Hughes' well known business ability this concern will progress.

The ratepayers passed a By-law giving Wettlauffers Bros. a site, exemption from taxes and railway siding, but as yet they have not started the erection of the building and it will probably be next spring before they start. They assure the Committee they haven't any intention of dropping out of the proposition here.

A By-law was submitted to the electors for the purpose of purchasing land for industrial purposes, and good industrial sites are now available.

In addition to the above your Committee have made a systematic canvass of business firms asking them to locate here, and have several propositions under consideration at the present time.

This Committee on assuming office found it was necessary to organize a system and besides the business mentioned above which can be called 1920 business it has laid a foundation for future Committees so that all that will be necessary in the future is a sufficient appropriation and a speeding up of the work of the Committee in charge.

Your Committee has taken special personal charge of all persons from out of the city who were here in connection with this Department, and we believe that the accounts paid in entertaining in this regard has been money well spent. Our appropriation has also been used for entertaining city visitors other than the industrial line, even giving to the Poor Relief Committee, we suppose the reason being that we were the only Committee that had any money.

The Press. We desire to thank the Press for their co-operation. They have very kindly refrained from comment while agreements were under consideration and gave good support when By-laws and agreements were recommended and voted on.

The Ratepayer. Without the voters the Industries Committee cannot do anything as all matters have to be voted on by them, and we desire to say that it is very gratifying to us to know that the By-laws referred to them have been very favorably received. There was hardly any opposition and the only comment we have to make is that we ask that for the future more ratepayers take an interest and vote on all By-laws.

His Worship the Mayor has been untiring in his services to this Committee and has given us great assistance.

The Executive has had a great many consultations with persons looking for location and a mass of correspondence some of which may develop favorably later, but have been very careful to protect the ratepayers' interest in every respect.

We recommend that the present system be continued, believing that it will work to the best interests of the cause in which we are all so deeply interested, and hope that the beginning made by your Committee this year will be greatly augmented and that many more industries will be located here on this date one year hence."

2. That Ald. Steacy and Ald. Craig be paid $20.00 each, expense money to Toronto re hotel proposition.

3. That W. W. Sands, Acting Industrial Commissioner, be paid the sum of $500.00 for services for 1920.

Respectfully submitted,

HUGH C. NICKLE,
Mayor.

December 31st, 1920.

A special meeting of the City Council was held to-day at 8 p.m., His Worship Mayor Nickle presiding.

Present: Ald. Armstrong, T. B. Angrove, Chown, Clow, Cohen, Graham, O'Connor, Patterson, Pense, Phillips, Robertson, Sargent, Smith, Stroud, Twigg, White.

The Mayor explained that he had called the meeting for the purpose of considering a By-law re Macdonell Street sewer to afford work for the unemployed.

REPORTS.

Board of Works.

Ald. Angrove presented report No. 83 from the Board of Works, as follows:—

Kingston, Dec. 24th, 1920.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Board of Works begs leave to report and recommend as follows:—

1. That a sewer and water main be put in Macdonell Street on the Local Improvement Plan. This is recommended at this time so as to afford work for the unemployed. That a By-law be submitted to the City Council at a special meeting to be held; that debentures in connection therewith run for twenty years; that the wages be 35c. an hour, wages payable weekly to March 1st; arrangements be made in the By-law for putting in the necessary hydrants and that persons be em-

ployed on certificate of the Superintendent of the Employment Bureau here. This applies to Kingston men only.

Finance and Accounts.

Ald. Chown presented report No. 84 from the Committee on Finance and Accounts, as follows:—

Kingston, Dec. 31st, 1920.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Finance and Accounts begs leave to report and recommend as follows:—

1. That the account of the Public Utilities Commission for coal supplied to this Corporation amounting to 152¼ tons at $12.50 per ton, $1903.13, be paid.

BY-LAWS.

Ald. T. B. Angrove presented By-law No. 61, 1920. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Twigg in the chair, and was signed and sealed as follows:—

BY-LAW NO. 61, 1920.

A By-law to construct sewers and lay a water main on the streets in the City of Kingston hereinafter mentioned as local improvements under the provisions of The Local Improvement Act.

Passed December 31st, 1920.

WHEREAS it is expedient that the construction of the works hereinafter described shall be undertaken as local improvements, and notice of the intention of the Council to undertake such works has been duly published;

AND WHEREAS the Provincial Board of Health has approved of the construction of the said works:

THEREFORE the municipal council of the Corporation of the City of Kingston enacts as follows:—

1. That it is determined and declared, this by-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of a tile sewer running from twenty-four inches to nine inches in diameter of Macdonell Street, in the City of Kingston, from Scott Street Southerly to Earl Street and thence Easterly along Earl Street to Victoria Street, and a second twelve-inch tile sewer along Macdonnell Street from Scott Street to Park Street, and also to extend the water works system of said City by laying in and along the lines of said sewers a six-inch water-main, should be undertaken as local improvements under the provisions of The Local Improvement Act.

2. That as above determined and declared the said sewers be constructed and the said water-main laid on said streets in the said City of Kingston, as local improvements under the provisions of The Local Improvement Act.

3. The Engineer of the Corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of a contract or contracts for the execution of the works.

4. The works shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

5. The Mayor and Clerk are authorized to cause a contract or contracts for the construction of the works to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council, to be declared by resolution.

6. The Treasurer may (subject to the approval of the Council) agree with any bank or person for the temporary advances of money to meet the cost of the works pending the completion of them.

7. The special assessment shall be paid by twenty annual instalments (which is within the lifetime of the works).

8. The debentures to be issued for the loan to be effected to pay for the cost of the works when completed, shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by Council, and be made payable within twenty years on the sinking fund plan and, in settling the sum to be raised annually to pay the debt, the rate of interest on investment shall not be estimated at more than four per cent. per annum.

9. Any person whose lot is especially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by the payment of such sums as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS,
City Clerk.

HUGH C. NICKLE,
Mayor. [L.S.]
